

TERM DATES 2026/27

UNDERGRADUATE

Welcome Week - is designed especially for new first-year students to help you settle in. You'll be assigned to a group and invited to campus for a dedicated welcome day - your official first day at Escape Studios. There will also be social activities throughout the week which are optional.

Studio Time - refers to your weekly schedule of studio-based classes. At the start of term, each student receives a personalised timetable outlining when and where your studio sessions will take place.

Directed Study Week - scheduled class teaching is paused to allow you to focus on independent learning. It provides a break from the regular schedule, giving you time to practice, catch up, and focus on assignments.

Holiday - no scheduled classes.

Resit assessment week - if you need to resit any assessments, the work will typically be submitted during this week.
