### Qualifications & Memberships

- Member, Chartered Accountants Ireland
- Member ARITA
- Bachelor of Commerce – National University of Ireland, Galway (Ireland).

Shane has over 13 years experience in restructuring, turnaround and business improvement assignments. He works with directors, boards and lenders to assist businesses facing financial or operational distress.

He has worked on numerous complex trading and restructuring engagements, independent business reviews, strategic options assessments, business improvement assignments and trading sale processes.

Shane specialises in assisting businesses in the mid-market and is highly skilled at considering issues from the perspective of different stakeholders. His recent high-profile assignments include Alita Resources, Maroon Gold, MZI Resources, APTS and Picton Press. He also completed a six-month secondment in NAB's Corporate and Institutional Property team.

Shane started his career in advisory and audit at BDO in Dublin and gained further experience working on the management of a €1.5 billion impaired property loan portfolio at an Irish lending institution under state control.

He works across a diverse range of industries including property, construction, manufacturing, mining and mining services, and transport and logistics.

### Engagement Experience

- Secondment to NAB's Corporate and Institutional Property Team, managing some of NAB's largest and most complex property borrowers.
- Business reviews, safe harbour advice and strategic assessment of businesses including Project Stafford (mining services), Project Mode (manufacturing), Project Hawke (construction) and Project Oberon (safe harbour to mining company).
- Administration of Alita Resources Ltd which owns a lithium and tantalum mine located in WA.
- Voluntary Administration of a property development company Miluc Pty Ltd which managed property subdivisions and a number of investment properties.
- Receivership of Maroon Gold, an entity with a gold processing plant strategically located to benefit from a range of stranded ore bodies in Northern Queensland including the sale process for a mine in care and maintenance.
- Voluntary Administration of MZI Resources Ltd including the going concern sale of its wholly owned operating mining subsidiary.
- Receivership of APTS, a mining services business with operations in WA and QLD. The appointment included the execution of a going concern sale process which resulted in the preservation of the business, operations and workforce.
