

## step 2

Follow these instructions to install your parts and accessories.

# 15L+2x20L in drawer pullout bin

## installation guide

### Things you need to know

- Always read the full instructions prior to installation.
- Consider possible obstructions to your parts & accessories, like hinges inside the cabinet or adjacent cabinet doors and handles, prior to installation.
- Make sure you leave plumbing and electrical work to qualified trades people. Never try this yourself.
- Make sure you always use safety gear like a mask, ear muffs and glasses when using tools.
- **Tip:** After marking out the pre-drill holes as per the instructions, take the part that is to be installed and align the appropriate holes with the markings to ensure they match up prior to pre-drilling the holes.
