Subject: Letter of Interest – Architectural Assistant Opportunities

Dear Studio Manager,

My name is James Rowe, and I am a Part I Architectural Assistant with a strong interest in sustainable and community-focused design. I have followed the work of Foster + Partners for several years and would be very keen to be considered for any future opportunities within your studio.

During my studies, I developed strong technical skills in AutoCAD, Revit, and model-making, and I am eager to contribute to innovative architectural projects.

Please find my portfolio attached. I would welcome the chance to discuss potential openings.

Sincerely,
James Rowe
