Cambridge, 6 August 2026

Dear Hiring Manager,

I am writing to express my interest in the Junior Financial Analyst position at CapitalEdge Consulting Ltd., as advertised on your website. As a recent graduate with a First-Class Honours degree in Finance and Economics from the University of Leeds, I am eager to contribute my analytical skills, academic knowledge, and enthusiasm for the financial sector to your esteemed team.

During my studies, I developed a solid foundation in financial modelling, data analysis, and risk assessment through coursework in Corporate Finance, Econometrics, and Investment Strategies. My final-year dissertation focused on "The Impact of ESG Investments on Portfolio Performance in the UK Market," where I conducted in-depth quantitative analysis using Excel and Python. This experience enhanced my ability to interpret complex datasets and draw actionable insights.

Beyond academics, I gained practical experience as the Treasurer of the University of Leeds Finance Society, where I managed an annual budget of £15,000. I successfully implemented cost-saving measures, reducing event expenditure by 20%, while increasing member engagement by organising finance workshops in collaboration with industry professionals. These experiences strengthened my organisational and teamwork skills in a fast-paced environment.

CapitalEdge Consulting's reputation for delivering innovative financial solutions and fostering talent aligns perfectly with my career aspirations. I am particularly impressed by your commitment to supporting SMEs in optimising their financial strategies – a mission I am passionate about.

I would be delighted to bring my analytical mindset, eagerness to learn, and dedication to excellence to your team. Thank you for considering my application, and I look forward to the opportunity to contribute to CapitalEdge Consulting's success.

Sincerely,

Jamie Porter
