Re: Application for summer work experience

Dear Mrs Cobb,

I am writing to ask if you would consider allowing me to gain some work experience at Mitchell & Cobb LLP this summer.

The most striking thing about your law firm is its diversity in terms of employees and the areas of law you cover. The legal issues around intellectual property fascinate me, and I am keen to gain experience relevant to a career in copyright law, which is one of the areas you specialise in.

I am currently studying A Levels in Law, Economics, Politics, and History at Walsall College. I have a place at Birmingham University to study law next year.

Alongside my studies, I work part-time as a social media manager for my father's company, which has given me insight that may be useful during my time at your firm.

By nature, I am a cheerful person who knows how to get things done. I am an active listener and enjoy the challenge of tackling complex situations.

Attached is my CV giving a brief overview of my studies, experience, and interests. I hope you will agree that I can offer something of value to Mitchell & Cobb LLP. If so, I would like to visit you for an introductory meeting.

Yours faithfully,

Finn Turner
