

## Membership Information

### Association of Charity Lotteries in Europe (ACLEU) – Europe's voice for charity lotteries

#### Together for a stronger fundraising and impact across Europe

The Association of Charity Lotteries in Europe (ACLEU) unites charity lotteries and organisations that promote the charity lottery model. Together, we represent a unique network committed to strengthening civil society through sustainable fundraising. Since 2007, ACLEU has given a voice to charity lotteries and their beneficiaries in the European debate on games of chance and philanthropy.

Joining ACLEU means joining a movement that champions fair regulation, transparency, and independence for all organisations raising funds for good causes.

#### Why join ACLEU

- *Stay ahead of EU policy developments*

ACLEU closely monitors European policy and legislative changes that could affect fundraising through charity lotteries. From consumer protection to data privacy, we keep you informed through concise updates, quarterly newsletters and a series of in-depth policy reports on issues relevant to the charity lottery sector.

- *Be represented at the European level*

We advocate for the charity lottery model in Brussels, engaging directly with EU institutions, Members of the European Parliament and national stakeholders.

- *Exchange knowledge and best practices*

Learn from peers across Europe through regular meetings, workshops and direct member exchanges. Members receive invitations to ACLEU events that bring together peers and key stakeholders from across the sector to discuss important issues and share knowledge.

- *Join a strong and trusted network*

Become part of an alliance of organisations that collectively raise billions of euros for charities and good causes each year.

#### Membership criteria

If your organisation shares our mission, we warmly invite you to become part of ACLEU. You may apply for membership if:

- Your main purpose is raising funds for non-governmental or non-profit organisations through charity lotteries; and
- You hold a valid licence or authorisation from a European jurisdiction for the organisation of lotteries or games of chance; or
- You are an organisation that promotes or supports the charity lottery model.

Membership fees are based on annual turnover, with a flat rate for organisations below €50 million.

## Our members

ACLEU currently brings together 17 members from 7 European countries. Together, our members raise over €1 billion each year for civil society, supporting thousands of charities and community initiatives across Europe.
