WORK LIKE IT'S MONDAY, RECHARGE LIKE IT'S SUNDAY

■ COME IN FOR THE WORK. STAY FOR THE VIBE.

A monument in Zuidooost. A clubhouse on the Zuidas. A skybar in Rotterdam. Every club has its own character, and **not one of them is a beige hotel room with a flipchart**. You pick the energy, we set the room.

Behind all of them: **one team, one contact, one quote**. Six people or two hundred, one room or the whole floor, you brief us once and we sort the rest. Setup, catering, AV, signage, and coffee that actually tastes like coffee.

Full service is the default here, not the upsell. Rooms arrive **set up, plugged in and stocked**, with someone on the floor who keeps the day moving without hovering over it.

And because offices, meeting rooms and event space live in the same building, a workshop can slide into drinks. Show up live, great spaces spark great surprises.

STEP ONE

BRIEF

Date, headcount, and what the day needs to do. One mail, one call. No forms, no portal, no discovery session.

STEP TWO

PROPOSAL

Usually the same working day: the right rooms across the clubs, a setup, a price. Options, not a maze.

STEP THREE

SHOW UP

Room ready, screens on, catering timed, coffee poured. You run the session. We run the building.

PICK A SHAPE FOR THE DAY

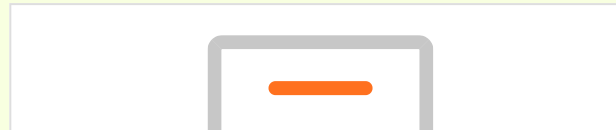

■ SETUPS & WHAT THEY'RE GOOD FOR

Every room can be re-set. Tell us the shape and it's standing when you walk in, furniture, screens, water, pads, the works.

THEATRE

Rows facing one screen. Best for all-hands, launches and keynotes, anything where one person talks and the rest listen. Highest capacity per square metre.

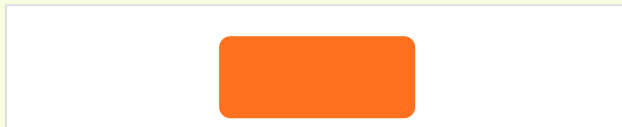

U-SHAPE

Open horseshoe with a facilitator in the mouth. Best for trainings, client sessions and workshops where everyone needs to see everyone and still face a screen.

CABARET

Round tables of six to eight, all angled to the front. Best for offsites and conferences with group work, plenary and breakout without moving a chair.

BOARDROOM

One table, everyone around it. Best for board and MT meetings, negotiations, interviews and hybrid calls where every seat needs a mic and a view of the camera.

CIRCLE

Chairs only, no tables, no hierarchy. Best for strategy days, retros, coaching and the honest conversations that don't happen across a desk.

STANDING & FLOW

Open floor, high tables, bar. Best for receptions, drinks, networking, product launches and the part of the offsite nobody wants to end.

Something else in mind, dinner rounds, a fair floor, a shoot? Ask. We've hosted odder.

NOBODY SHOULD SPEND TEN MINUTES LOOKING FOR A CABLE

■ AV & THE TECHNICAL BIT

Every room is set up before you arrive and tested that morning. If your session needs more than the standard kit, we bring it in and staff it.

IN EVERY MEETING ROOM

AS STANDARD

Screen with wireless casting and HDMI
Conference camera and mics in the boardrooms
Business wifi throughout the club
Flipchart or whiteboard, markers and pads
Water on the table, coffee and tea nearby
Room set to the shape you asked for

ON REQUEST, QUOTED PER SESSION

BROUGHT IN

Sound system with handheld or headset mics
Extra screens, projection and a moderator monitor
Technician on the floor for the whole day
Live stream or recording of the session
Stage, staging and event lighting
Anything else the programme asks for, just ask

ROOMS BUILT FOR IT

THE SPECIALS

Zandkasteel Amsterdam Zuidoost · auditorium and a real cinema
DS51 Utrecht · auditorium for 50, rooftop for 100
Berghaus Amsterdam West · theatre room for 56, podcast room
Rembrandt Park One Amsterdam West · fixed theatre for 45
W70 Rotterdam · event floors up to 200 guests
Club-Staal™ Amsterdam · Club Space with bar and sound

HYBRID AS DEFAULT

Camera, mics and a moderator screen sit in the boardrooms already. For larger sessions we bring in technique and an operator, so the people at home are in the room rather than watching it.

YOUR BRAND ON THE SCREENS

Logo on room screens and wayfinding is included. Larger branding, banners and a printed programme: ask early and it is arranged.

EXACT SPECS

Kit differs per building and per room, so nothing here is a promise for a specific room. Tell us the setup and the spec sheet for that room comes with the quote.

NOT EVERY DAY NEEDS A BOARDROOM

■ MORE THAN A MEETING

Same buildings, different energy. Because we run the offices, the rooms and the bars, a workshop can slide into a borrel and a launch can end on a rooftop. One brief, one host, no venue-hopping.

BORRELS & DRINKS

Team drinks, client borrels, Friday afternoons that run long. Bar Staal, Bar51 and the skybar in Rotterdam, with bites from the house kitchen.

20 TO 200 GUESTS

DINNERS

Long tables and evening restaurants in the building. Seated after a strategy day, or a walking dinner through a monument. Speeches optional.

10 TO 120 GUESTS

PR & PRESS

Buildings that photograph well and hosts who keep press moving. Auditoriums, a real cinema in Zandkasteel, gardens for the interviews after.

30 TO 150 GUESTS

PRODUCT LAUNCHES

Plenary, demo floor and drinks in one venue. Club Room, Theatre Square, the Rooftop. Technique, operator and stream in the same quote.

50 TO 200 GUESTS

AND EVERY CLUB HAS A BUSINESS CLUB

The club floor itself: the bar, the lounge, the long tables. Open, shared space rather than a private room, which is what makes it work for receptions, networking and launches.

50–250

GETTING THERE

Every club is a short walk from a station, so most guests arrive by train. Bike parking at the door, and if someone really has to drive we sort that out too.

CHARGING

Car charging at every club, bike charging where the bikes outnumber the cars. Which, this being the Netherlands, is most of them.

WHICH CLUB FITS YOUR DAY

Start with the headcount, read across, then turn to the club page for the full room list. Not sure? Mail us the date and we do the reading.

READING THE TABLE

Guests per room is the range across that club's meeting rooms. Event up to is the largest private space set for a reception or theatre. Every club also has a business club floor for 50 to 250 guests.

COMBINING ROOMS

Plenary in one room and breakouts in three is normal here, and often cheaper than one oversized space. We quote it as one day.

■ PRACTICAL & FREQUENTLY ASKED

WHAT DOES A BOOKING INCLUDE?

The room in the setup you asked for, screen and conference AV, wifi, water, notepads, a flipchart or whiteboard, and unlimited coffee and tea. Plus a host who checks in without hovering.

FOOD AND DRINKS?

Curated and on-site: barista coffee, lunch, afternoon sweets, borrel bites, drinks and dinner. Tell us dietary needs with the headcount and we'll build the day around them.

HOW FAR AHEAD SHOULD WE BOOK?

Meeting rooms: same week is usually fine. Larger events and buy-outs: four to six weeks gives you the pick of dates. Something urgent? Call, we move things around more often than you'd think.

HALF DAY, FULL DAY, OR A PACKAGE?

Room rates per club are on the location pages. Every club also does day packages with catering included: from € 35 p.p. for a half day and € 75 p.p. for a full day, valid from 8 guests. Catering is curated per club, so the exact menu and price come with the quote.

HYBRID OR STREAMED?

Yes. Camera, mics and a moderator screen as standard in the boardrooms. For larger sessions we bring in technique and an operator, so the people at home aren't second-class guests.

GETTING YOUR GUESTS THERE

Every club sits a short walk from a station, with bike parking at the door, so the easiest invite you can send is a train ticket. Car charging everywhere, and for the guests who do drive we arrange parking through ParkBee or EasyPark.

ONE MAIL, AND THE DAY IS OURS TO RUN

■ TELL US THE DATE. WE'LL BRING THE ROOM.

Date, headcount, and what the day needs to do. That's enough for a proposal, usually the same working day, always with more than one option. Half and full day packages with catering come quoted on request, and if your guests are driving we'll think along on parking too, through ParkBee and EasyPark.
