Meet in a district with momentum.

Berghaus sits at the centre of a district transformation. The Amsterdam West-Axis is becoming what it once was: a serious place for work and connection. Now it hosts housing, culture, retail, and contemporary office. Your meetings happen in a location being remade. That matters.

This is not another office building with a meeting room upstairs. Berghaus is part of a larger mixed-use development that transforms a mono-functional area into a living, working neighbourhood. Station Lelylaan is being renovated as the transport hub of Amsterdam West. Proximity to the Vondelpark, Rembrandtpark, and the city centre creates a location with real identity, not isolation.

45 euros per person, excluding lunch. Includes room hire, Wi-Fi, laptop connection, and unlimited coffee, tea, and water throughout the day. 90 euros per person, including lunch. The same essentials, with a proper meal added.

Integrated hospitality.

Vascobelo is built into Berghaus. Food and beverage are handled on-site, which means your team focuses on the meeting, not logistics. Whether you need coffee and pastries for a morning session, lunch for a full-day workshop, or refreshments for an afternoon presentation, catering is managed as part of your booking.
