Food Safety Policy Statement

Founded in 2015 with the express intent of being 'Where Live Industry Lives', Production Park along with CentR Stage is committed to develop and deliver our core products and services whilst providing exceptional food safety standards in all our catering environments.

The Company is committed to continually improve the catering service it produces and maintain consumer confidence in its products through the development and implementation of food safety systems, standards and practices.

Food safety is the responsibility of all CentR Stage employees that have direct influence on ingredients, prepping, cooking, storage and the transport of products within the Park. The following principles are the foundation of CentR Stage's commitment to Food Safety:

- Meet or exceed all statutory and regulatory requirements for food safety.
- Ensure sustainable food safety performance that meet "Safer Food for Better Business" standards in all catering operations.
- Validate the effectiveness of the Food Safety through internal and external audit processes.
- Continually review Food Safety policies, standards and procedures to effectively manage Food Safety risks associated with changes in products, processes and technologies.
- Include Food Safety strategies in the annual business process to ensure that Food Safety remains an integral part of operations.
- Set annual measurable Food Safety objectives for all operations to ensure continuous improvement and compliance with ISO 22000:2018.
- Ensure that suppliers and contractors embrace the same Food Safety commitments and monitor materials and services they supply through audits and incoming goods inspections.
- Communicate Food Safety aspects, strategies and performance to associates, consumers, customers and principal stakeholders that have an impact on, or are affected by the Company's Food Safety Systems.

As the Chief Operations Officer I am committed to the Safer Food Better Business Policy. Responsibility for the successful implementation of this Policy belongs with CentR Stage management and employees.

Signed: 
Chief Operations Officer
