Your Warehousing Journey

From learning to employment, SisterWorks walks beside you every step of the way.

1. Learn Industry Skills

Gain the foundation skills you need to start in warehousing and manufacturing:

- Learn about warehousing and manufacturing industries and the types of jobs available
- Gain knowledge in workplace health and safety (WHS)
- Learn how to manage inventory and stock
- Practice English for workplace communication

2. Prepare for Work

Understand Australian workplaces and be ready to succeed in warehousing and manufacturing:

- Understand what warehousing and manufacturing jobs look like
- Practice English and key industry terms employers are looking for
- Build skills for real roles such as pick packing, production, and inventory
- Practice face-to-face and digital interviews
- Write and present a professional resume
- Learn about workplace rights: contracts, tax, superannuation, wellbeing, and ethics

3. Get Employment Support

Receive personalised guidance to move from training into work:

- Learn about Australian workplace culture, language, and policies
- Receive personalised career guidance and explore your strengths
- Get help with resumes, job applications, and onboarding documents
- Access job opportunities through SisterWorks Employment Partners
- Receive post-placement support to help you settle into your new job

4. We Connect You with Employers

Step into real work with SisterWorks by your side:

- Be introduced directly to SisterWorks' trusted employer partners
- Move into casual or part-time jobs **when you are ready** (based on your preferences)
- Receive ongoing support as you step into employment
