1. Speeds based on download and upload speed range (see table above). The actual speed you will receive is subject to line distance from the exchange, or principal connection point for fibre connections, and line quality. Speeds vary significantly by location. External factors e.g., internet congestion and premises wiring can also significantly affect speed. Fibre is subject to exchange availability.

2. Speeds based on download and upload speed range (see table above). The actual speed you will receive is subject to time of day, location, premises wiring and Wi-Fi connection.

3. Clear Business operates a fair use policy for its Unlimited Broadband and Fibre packages. You will incur no additional charge or suspension of service as a consequence of exceeding any usage threshold. If Clear Business believe that your use of the Service is adversely affecting the network (or any part of it) or other customers, then Clear Business may moderately regulate your usage.

4. If you terminate your contract with Clear Business during the Minimum Period and you have taken a router, you will be charged £50 plus VAT.

Fluctuation in Broadband line speed is expected to occur within the first 10 days of service whilst your line speed automatically adjusts to the maximum speed it can reliably support. All prices quoted plus VAT charged at the applicable rate. Broadband rental charged monthly in advance and is non-refundable. Fibre and Broadband are excluded from the Clear Business Price BEAT Guarantee.
