Each month, unless otherwise agreed, we will send you an invoice with Usage Charges for the relevant period by prepaid post or e-billing. You will be billed in the month for your estimated usage in that month. You will be charged VAT at the standard rate unless we receive a declaration from you that the Service should be "zero rated" as defined by HMRC. You can find out more information about this at clearbusiness.co.uk/help-and-support/resources/vat-declaration/water. All charges are subject to an annual increase on 1 April each year to reflect any increase in the Default Maximum Tariff as published by the Regulator, WICS. The above rates exclude VAT, which will be charged at the applicable rate. © Verastar Limited March 2025
