1. Speeds based on download and upload speed range (see table above). The actual speed you will receive is subject to line distance from the exchange, or principal connection point for fibre connections, and line quality. Speeds vary significantly by location. External factors e.g., internet congestion and premises wiring can also significantly affect speed. Fibre is subject to exchange availability.

2. Clear Business operates a fair use policy for its Unlimited Copper Broadband and Full and Part Fibre Broadband. You will incur no additional charge or suspension of service as a consequence of exceeding any usage threshold. If Clear Business believe that your use of the Service is adversely affecting the network (or any part of it) or other customers, then Clear Business may moderately regulate your usage.

3. Speeds based on download and upload speed range (see table above). The actual speed you will receive is subject to time of day, location, premises wiring and Wi-Fi connection.

Fluctuation in Broadband line speed is expected to occur within the first 10 days of service whilst your line speed automatically adjusts to the maximum speed it can reliably support. All prices quoted plus VAT charged at the applicable rate. Broadband rental charged monthly in advance and is non-refundable.

* Based on a 12 or 24-month contract.
