I was initially recommended to use Bearded Man Cocktails by a friend that had used the company before.

Everything from my initial conversation with the team to the building of a custom menu and the build and breakdown of the bar at my party was exceptionally executed. The drinks tasted amazing and were easily the most talked about thing after the party. The bartenders also had so much personality and made the whole event so fun.

I'd definitely recommend Bearded Man Cocktails to anyone looking for a great bar service.

Absolutely amazing team (both the planning team and on the night itself) the guys went above and beyond for our Halloween party including Halloween theme cocktails, garnish and extra touches like the team dressing up in Halloween theme. Cocktails tasted amazing, really attentive service and super friendly team. Got the party started - highly recommend. So much so, will do the same next year!

I cannot speak more highly of Bearded Man Cocktails. From the first call to confirm the brief with Chetan, throughout the planning phase with Kunal and then the event itself, Bearded Man Cocktails were amazing. Communication was prompt, ideas to amplify our event were offered and they went over and above to ensure our event was a success on the day. The mixologists (there were two, including a flair mixologist) were outstanding and a real attention grabber, which is exactly what we were after. And the cocktails and mocktails were delicious and went down an absolute treat. A very classy, slick and well-executed operation. Thank you so much! We would love to work with you again on a brand activation and other events and would definitely recommend you for professional and personal events.

AMAZING! The professionalism of the team, since we enquired, the presentation of the bar and cocktails and all the good vibes The Bearded Man cocktails brought to our company event, was wonderful. Everyone was so happy and surprised that we actually bought a bar into the office for them! The feedback from the team has been amazing as nobody waited for their drinks even though it was such a big group.

We, one hundred percent recommend this experience.

What can I say, the team were perfect and delivered better than I could have imagined.

Kunal was great with communicating in preparation for the event, and really took the brief on board with great suggestions.

On the day, everyone from the team was great. Fully immersed themselves into the party theme and delivered some great cocktails. We asked for a Viking theme and wow they delivered even in sourcing some great Scandinavian spirits for some custom cocktails.

Cocktails were great, but even more so the team were brilliant and helped make the party even better. So much so, my fiancé wants them to come and do our wedding.

Can't recommend enough.

Cheten & Kunal - thank you so much for the great service you provided for our wedding!

We received so many compliments from our guests on the day about how amazing the cocktails tasted, the efficient service at the bar provided by the bar staff and also the great energy and entertainment provided on the day.

Would highly recommend booking the Bearded Man team for any of your events and will definitely be hiring them again for any future events.

We got Bearded Man Cocktails for a private event and they didn't disappoint in the slightest! Hands down the best cocktails I've tried!

The service from Kunal and his team was impeccable from start to finish, and always a pleasure to speak to.

The service on the day was great too and every guest was complimentary of both drinks and service. Lastly, and most importantly, every drink was delicious, and served by the energetic and expert mixologists.

The whole experience was a memory and I'd recommend Kunal and his team to anyone looking to have a lively, enjoyable and unique occasion.

I needed a bar for my wedding at the MK Dons Stadium, for 350+ people. I spoke to a few companies and then Bearded Man Cocktails was recommended to me by a relative. As soon as I spoke to Kunal I realised why. Their service is absolutely incredible, and as me and my family found out at the cocktail tasting, their drinks are amazing. All my guests are still raving about them. They exceeded all expectations and the bar at my wedding reception was fantastic. Thank you Kunal. Trust me, go with Bearded Man Cocktails - you will be glad you did.

A huge thank you to Kunal and Chirag for the most splendid, out-of-this-world experience with The Bearded Man Cocktails for my wedding reception at Syon Park Conservatory! The bar and the staff took our whole event to a new level - the cocktails, especially the lychee martini and old fashioned - have been talked about so much by all our family and friends. I am so glad I chose to go with you! Your drinks and entire service is absolutely 5 STAR level. Thank you again - 1000% recommend and I'm eagerly waiting for another event where I can work with you guys again x

Fantastic, friendly team who provided drinks, including bespoke cocktails, for our work summer party. In advance they gave us input into designing the bespoke bar and signage so we could incorporate our company logo.

Once on site they set up the bar, brought their own glasses, mixologists and clean up team and created truly delicious cocktails! As an added extra, they also brought a photographer / videographer at no extra cost to document our event. The team were courteous, skilful at what they do, and they made our event a great success.

Kunal and Bearded Man Cocktails ran the bar at our wedding event in June, and our friends and family are still telling us months later how great the cocktails were! From espresso martinis, to margaritas, to huge luminous shots, all bases were covered. Most importantly every drink was as delicious as the last and the bar staff were very friendly and made everything expertly and quickly, with very little waiting time. Presentation of the bar and the cocktails was also top notch and very slick!

Throughout the process Kunal was responsive, professional and lovely to work with. We were unsure about what exactly we wanted on our menu at first, but all of our questions were answered after a tasting session with Bearded Man Cocktails where we co-created a menu for our big day. We also had a number of calls leading up to the day and probably tested Kunal's patience (although he didn't let it show...). He was also kind enough to come on a site visit on his weekend to help ensure that the day ran smoothly.

Bearded Man were definitely one of the most memorable parts of our day and were a key part of the great atmosphere at the wedding. Highly recommend for weddings and big events!
