

Henco Pro-Fit

The WRAS approved Henco Pro-Fit parts are fast and simple to install and require no calibration. So create a secure and trusted connection every time with Henco Pro-Fit.

FAST TO INSTALL

- No press tools required
- Calibration
- Pushfit on to existing pipes

VERSATILE

- 16mm, 20mm and 26mm sizes available

ROBUST AND LIGHTWEIGHT

- The body is made of high-grade synthetic material or brass CW617

FAIL-PROOF

- No insert needed in the Henco connection
- Highly-visible control windows (red indicators)

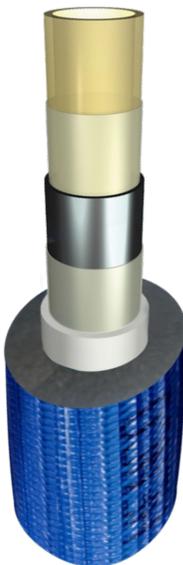

DETECTABLE PIPE WORK

- Sizes 16-20-26mm
- Available naked and pre-insulated up to 20mm insulation thickness

Henco Multilayer pipe

the heart of the system

Applications

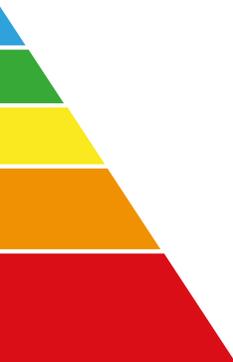

Benefits

Henco Pre-Insulated pipework

Fire classification in line with Part L of the Building standard.

<p>B = « In the fire development phase, no fire spread from the primary fire zone and very limited contribution to the fire »</p>	<p>s1 = « The amount of smoke fully released and the increase in smoke development is more limited compared to the s2 classification »</p>	<p>d0 = « Dropping fire debris is forbidden »</p>
--	---	--

M0	Non combustible Mineral based products or those with very low organic content	A1 A2-s1, d0
M1	Low combustibility Organic products with high levels of additives to resist fires	B-s1, d0 B-s2, d0 B-s3, d0
M2	Difficult combustion Fire-retardant organic materials	C-s1, d0 C-s2, d0 C-s3, d0
M3	Medium combustion Organic products protect from flame or self-extinguishing	D-s1, d0 D-s2, d0 D-s3, d0
M4	Flammable or unclassified	E d2 F

*In accordance with 98/83/EC

Henco Pro-Fit Product overview

**Type: 1HPK** Elbow 90°

Article Number	Connection type
1HPK-1616	16x16
1HPK-2020	20x20
1HPK-2626	26x26

**Type: 9HPK** T-piece

Article Number	Connection type
9HPK-161616	16x16x16
9HPK-202020	20x20x20
9HPK-262626	26x26x26

**Type: 10HPK** T-piece reduced centre

Article Number	Connection type
10HPK-201620	20x16x20

**Type: 11HPK** T-branch & line reduced

Article Number	Connection type
11HPK-201616	20x16x16
11HPK-202016	20x20x16
11HPK-262616	26x26x16
11HPK-262620	26x26x20

**Type: 15HPK** Straight coupling

Article Number	Connection type
15HPK-1616	16x16
15HPK-2020	20x20
15HPK-2626	26x26

**Type: 16HPK** Reducing coupling

Article Number	Connection type
16HPK-2016	20x16

**Type: 19HPK** Eurocone adapter

Article Number	Connection type
19HPK-1605	16x EK 3/4" F
19HPK-2005	20x EK 3/4" F

**Type: 60HPK** Reducing elbow 90°

Article Number	Connection type
60HPK-2016	20x16

**Type: HPK-ENDCAP** End cap

Article Number	Connection type
HPK-ENDCAP16	16
HPK-ENDCAP20	20
HPK-ENDCAP26	26

**Type: VDHPK** Straight coupling for manifold
VVHPK Manifold supply connection

Article Number	Connection type
VDHPK-20	20
VVHPK-20	20
VVHPK-26	26

**Type: 2HP** Backplate elbow female, short

Article Number	Connection type
2HP-1604K	16x1/2"
2HP-2004K	20x1/2"

**Type: 5HP** Bend 90° male adapter

Article Number	Connection type
5HP-1604	16x1/2"
5HP-2004	20x1/2"
5HP-2005	20x3/4"

**Type: 6HP** Bend 90° female adapter

Article Number	Connection type
6HP-1604	16x1/2"
6HP-2004	20x1/2"
6HP-2005	20x3/4"

**Type: 13HP** T-female centre branch

Article Number	Connection type
13HP-160416	16x1/2"x16
13HP-200420	20x1/2"x20

**Type: 17HP** Straight male adapter

Article Number	Connection type
17HP-1604	16x1/2"
17HP-2004	20x1/2"
17HP-2005	20x3/4"

**Type: 18HP** Straight female adapter

Article Number	Connection type
18HP-1604	16x1/2"
18HP-2004	20x1/2"
18HP-2005	20x3/4"

**Type: 26HP** Straight tap connector

Article Number	Connection type
26HP-1604	16x1/2"
26HP-1605	16x3/4"
26HP-2005	20x3/4"

**Type: 34HP** Elbow 90° tap connector

Article Number	Connection type
34HP-1604	16x1/2"

**Type: 54HP** Straight transition coupler

Article Number	Connection type
54HP-1615	16x15
54HP-2015	20x15
54HP-2022	20x22
54HP-2622	26x22
54HP-2628	26x28

**RIXc Multilayer pipe**

Article Number	Length	Connection type
10-R160212-KB	10m	16x2
15-R160212-KB	15m	16x2
25-R160212-KB	25m	16x2
10-R200216-KB	10m	20x2
15-R200216-KB	15m	20x2
