

UNESCO World Heritage region in the Salzkammergut

The number 1 excursion destination in the heart of the Salzkammergut offers a wealth of fascinating experiences. For nature lovers, hiking & climbing enthusiasts, the Dachstein Plateau offers many possibilities in a landscape of unrivalled beauty: discover the fascinating world of caves with the Dachstein Giant Ice Cave, the Mammut Cave and the Koppenbrüller Cave, or enjoy the unique views of Hallstatt from above at the 5fingers viewing platform. In addition, the World Heritage Spiral, the World Heritag view and the Dachstein shark offer spectacular views of the impressive mountain landscape. Since 2023, the Dachstein Krippenstein has been one of the 'Besten Österreichischen Sommer-Bergbahnen' in the 'Panorama & Nature Experience' category.

For an all-round perfect experience, we also pay attention to sustainability. In addition to e-charging stations, all facilities are supplied with electricity from renewable energy sources! Sustainable, of course!

The Dachstein Krippenstein is part of the „Bergbahnen Dachstein Salzkammergut“ area. All locations of OÖ Seilbahnholding GmbH are united under this umbrella brand: Dachstein West in Gosau, Russbach and Annaberg, Feuerkogel in Ebensee, Grünberg in Gmunden, Dachstein Krippenstein in Obertraun and Wurbauerkogel in Windischgarsten.

Management Association of the World Heritage Site Hallstatt-Dachstein/ Salzkammergut Cultural Landscape
The extraordinary cultural landscape of Hallstatt-Dachstein/Salzkammergut has been designated a UNESCO World Heritage Site since 1997. The area is subject to special protection regulations and includes the cable cars: starting from Hallstatt, with lake Hallstättersee in the center and the surrounding areas up to the Dachstein massif and the Hoher Dachstein encompassing the communities of Obertraun, Gosau, Bad Goisern, Bad Aussee, Bad Mitterndorf and Gröbmring (source: www.welterbe-salzkammergut.at).

Nature park Schönbergalm

This little paradise is the starting point for visits to the Mammut Cave and the Dachstein Giant Ice Cave, and offers plenty of space to let off steam and relax!

Here, children can go on a journey of discovery and let off steam:

- Museum
- Children's adventure cave
- Relaxation loungers
- Almbodenkick
- Sauwetterstation-cinema
- Stone huts with inter active exhibition "Dachstein in climate change"

Our tip: Dachstein All in One-Ticket

5fingers: Adrenalin with a view

Not for the faint-hearted! The 5fingers viewing platform offers adrenaline kicks at the highest level. Probably the most spectacular viewing platform in the Alps, it juts out like a hand into an abyss over 400 meters deep and offers a breathtaking view of Hallstatt from above.

The five differently designed walkways offer spectacular views and vistas – one of the walkways, for example, is made entirely of glass. Capture this unique moment with a souvenir photo of Hallstatt from above at the photo point.

Underground excellence: The Dachstein Cave World

Mammut Cave: a cave labyrinth of superlatives

The huge Mammut Cave will amaze you with its incredible dimensions and a play of colours that you wouldn't expect to find underground in the Salzkammergut!

Tip Cave trekking: Immerse yourself in the underground world on a guided trekking tour! Equipped with overalls, headlamp and helmet, you'll make your way through the labyrinthine interior of the cave through passages, climbing sections and crawl spaces = pure adventure! Registration is required!

*Only available for the Mammut Cave and Dachstein Giant Ice Cave!

Perfect bad weather program!

Panorama with view of the Dachstein

The World Heritag View offers a unique panoramic view of the mighty Dachstein glacier and is probably one of the most popular photo and selfie points on the Dachstein Krippenstein in the UNESCO World Heritage region in the Salzkammergut.

The path to the World Heritag View is barrier-free and easily accessible with an accompanying person! From World Heritage view, you can hike directly to the World Heritage Spiral viewing platform (see picture on the right) and to the 5fingers, which you can reach in around 10 to 25 minutes.

Dachstein Giant Ice Cave

Cave bears, rope bridge, light & sound show: the Dachstein Giant Ice Cave offers a breathtaking adventure in rock and ice.

Highlight: The „Tristandom“ with the suspension bridge - bravely crossing the abyss on the 25-metre-long bridge.

Tip: In summer, the Dachstein Giant Ice Cave is transformed into a unique event location: the **Ice Sound Concerts** in August and September are a real highlight.

Koppenbrüller Cave: roaring water

The water-bearing Koppenbrüller Cave is located in the valley and can be reached via a short walk along the Koppentraun river. A visit to the Koppenbrüller Cave, the youngest of the three Dachstein caves, gives you an impressive insight into the underground waterways of the Dachstein's interior.

Summer holiday tip: Short adventure tour in the Koppenbrüller cave in July & August, on Mondays and Fridays at 9.30 pm. No registration required!
Meeting point: Wooden hut opposite the Koppenrast Inn

Heilbronner circular hiking trail with Dachstein shark

The family-friendly Heilbronn circular hiking trail (walking time approx. 3 hours) is a generously developed karst hiking trail and is also suitable for less experienced hikers and children due to its gentle gradient!

TIP: There is a lot to discover along the way for little mountain enthusiasts: Fossils, alpine flowers, small ice cave, lake Hirzkarsee, nature trail with information boards.

The king of the primeval sea is back! The Dachstein shark is a special attraction on the Dachstein Krippenstein, 8 meters long and accessible from the inside. It offers you a glimpse into the prehistoric past of the Dachstein massif.
