## Two new 6-seater chairlifts, naturally!

### More comfort, more panoramic views – with a shared valley station

Winter in Dachstein West is becoming even more attractive: two new, modern 6-seater chairlifts and a technical centre are replacing the previous Angerlift (T-bar lift) and the 4-seater Aussichtsbergbahn chairlift – with a shared valley station for maximum comfort and optimised processes.

Efficient and comfortable: the new comfortable 6-seater chairlift at Anger, replacing the T-bar lift, has a weather protection hood for a relaxed ascent – particularly pleasant for families and beginners.

Panoramic view included: The previous 4-seater chairlift Aussichtsbergbahn is being replaced by a state-of-the-art 6-seater chairlift – faster, more comfortable and with a magnificent view of the Dachstein mountains.

Fit for the future with a shared valley station  
In future, both lifts will start from a central, newly built valley station – ensuring shorter distances, easier orientation and a better experience from the very first moment.

## Two new 6-seater chairlifts, naturally!

### More comfort, more panoramic views – with a shared valley station

Winter in Dachstein West is becoming even more attractive: two new, modern 6-seater chairlifts and a technical centre are replacing the previous Angerlift (T-bar lift) and the 4-seater Aussichtsbergbahn chairlift – with a shared valley station for maximum comfort and optimised processes.

Efficient and comfortable: the new comfortable 6-seater chairlift at Anger, replacing the T-bar lift, has a weather protection hood for a relaxed ascent – particularly pleasant for families and beginners.

Panoramic view included: The previous 4-seater chairlift Aussichtsbergbahn is being replaced by a state-of-the-art 6-seater chairlift – faster, more comfortable and with a magnificent view of the Dachstein mountains.

Fit for the future with a shared valley station  
In future, both lifts will start from a central, newly built valley station – ensuring shorter distances, easier orientation and a better experience from the very first moment.
