ENVIRONMENTAL POLICY

We are committed to protecting the environment and promoting sustainable practices across all aspects of our operations. We recognise our responsibility to minimise environmental impact and continually improve our Environmental Management System (EMS) in line with ISO 14001:2015.

OUR COMMITMENTS

Compliance: We will comply with all applicable environmental laws, regulations, and other requirements relevant to our activities, products, and services.

Pollution prevention: We strive to prevent pollution by reducing waste, emissions, and resource consumption through efficient and responsible practices.

Continual improvement: We are dedicated to continually improving our EMS to enhance environmental performance and support our strategic direction.

Sustainable resource use: We will promote the responsible use of energy, water, and materials, and seek opportunities to reduce our environmental footprint.

Environmental objectives: We will set, monitor, and review environmental objectives and targets to drive performance and accountability.

Awareness and engagement: We will ensure that all employees and stakeholders are aware of this policy and are encouraged to contribute to environmental stewardship.

Lifecycle perspective: We will consider the environmental impacts of our products and services throughout their lifecycle, from design to disposal.

COMMUNICATION AND REVIEW

This policy is communicated to all persons working for or on behalf of Mosaic World and is made available to the public. It will be reviewed periodically to ensure its relevance and effectiveness
