

The SAFE solution

Lifetime service and support package

Stay compliant, stay connected, stay SAFE

Marinfloc's service packages SAFE and SAFE+ offer more than maintenance – they deliver peace of mind. With annual onboard visits, crew training, and full access to the MARS portal, we help you stay compliant, reduce costs, and improve operational reliability.

The digital MARS portal gives you full access to service reports, alarm logs, training, certificates, and your Whitebox Bilge Logbook – all in one place. The Big 5, a part of the package, is a work process that guides you through a safe and reliable operation of the Marinfloc equipment onboard. Ensuring a reliable and compliant operation at all times to provide you peace of mind.

Let's find the right package for your operations.
