

boxxe services

for Apple

boxxe boasts over 35+ years of experience in both the public and private sectors, so you know you're in good hands when it comes to tech solutions.

We're an Apple Business Partner with a range of tailored services that will help you to get the most from your Apple ecosystem.

Our end-to-end services range from initial assessments through to deployment and management, and every level of IT support, so your teams can integrate Apple cutting-edge products into your business with no interruption to productivity and a coherent management plan.

Why boxxe for Apple services?

We know Apple.

Being an Apple Business Partner means we benefit from direct access to Apple's latest innovations, support and insights, which means our clients receive top-tier information and advice around everything Apple.

Whether you want to talk apps, operating systems, services or security – or a bit of everything – we're here to advise and to help you decide on the tech and the services that will drive your business forward.

At boxxe, our focus is on you. We have the expertise and the experience to create real solutions that deliver against your your objectives. We strive to make tech easy to understand and to simplify complex processes. You can trust boxxe to transform your workforce with Apple.

End-to-end services

Prepare

Ensure the suitability of your estate with a Mac Readiness Assessment. Lean on us to create, support and maintain macOS deployment workflows, or to support Mac integrations with Windows solutions.

Deploy

Get streamlined registration for Apple Business Manager to be up and running with fast zero-touch deployment. Audit your deployment, MDM, security and networking with our Integration Assessment.

Manage

boxxe's Lifecycle services ensure seamless device provisioning, management, and reassignment. Our range of services can manage security policy compliance, patching, MDM, and monitor vulnerability alerts.

Key outcomes

Great User Experience

Cutting-edge devices and a seamless experience from onboarding to unboxing and beyond.

Peace of Mind

Assessments are available to review the suitability of a new environment or existing integration to ensure its working seamlessly.

Time Savings

Deploy Apple without lifting a finger!

By choosing boxxe for your enterprise Apple devices you'll be getting streamlined registration for Apple Business Manager so you can be up and running fast with zero-touch deployment.

boxxe's Lifecycle services ensure seamless device provisioning, management and reassignment.

Simplified Management

Our range of management services will do the patching, management, and monitoring you need to save you time and keep your users secure.

Enhanced Productivity

Devices set up and ready to use without any manual configuration, and AppleCare enterprise-level support option with 24/7 support to keep users up and running.

Our services

Our tailored end-to-end services help you get the most from your Apple ecosystem, save your IT teams time, and enhance user experience. Here are just some examples of how we can help you to transform your workforce with Apple.

Mac Readiness Assessment

Make a Mac roll out even easier with an audit of your current estate and expert guidance.

Apple Business Manager Integration

Deploy Apple devices without lifting a finger. When you purchase Mac, iPad or iPhone for your enterprise from boxxe, they will appear in your organisation's Apple Business Manager portal. When those devices are then unboxed and activated by your employees, they will be automatically enrolled into your mobile device management (MDM) solution, and set up with all the corporate settings and apps your users need, ready to use, and without any manual configuration.

Integration Assessment

Integrate Apple devices with confidence, with an audit to assess the level of integration of your Apple devices in their enterprise environment to guarantee that their deployment, security and connectivity are seamless, regardless of the MDM tool being used.

Lifecycle Service

Ensure seamless device provisioning, management and reassignment, reducing downtime and improving employee productivity. As well as taking the pain away from your IT team, this service will improve the end user experience.

macOS Deployment Workflow Creation & Management

Ensure on-going, streamlined deployment for new and redeployed Mac devices and let us create, support and maintain deployment workflows.

Security Policy Compliance Monitoring

Daily monitoring of the Mac security state against your IT security policy with automatic flagging and remediation management for any cases of non-compliance.

MDM Management & Maintenance

Proactive on-going maintenance of your MDM to ensure its smooth-running.

Apple Financial Services

It's easier than ever to bring Apple products into your organisation with innovative financing options from Apple Financial Services. Get the products and services you need, when you need them. Apple Financial Services keeps your costs low by accounting for the high residual value of Apple devices up front. Flexible upgrades give you complete control of your refresh cycle. And with straightforward terms, the experience is simple and friendly. boxxe works directly with Apple Financial Services to create a financing solution that works for your business.
