

Platform

Digital Accessibility Platform

Eye-Able brings all digital accessibility solutions together on a single platform. It makes accessibility easy to implement — efficiently, scalably, and sustainably.

Benefits of accessible websites and apps

Reach everyone with an inclusive user experience

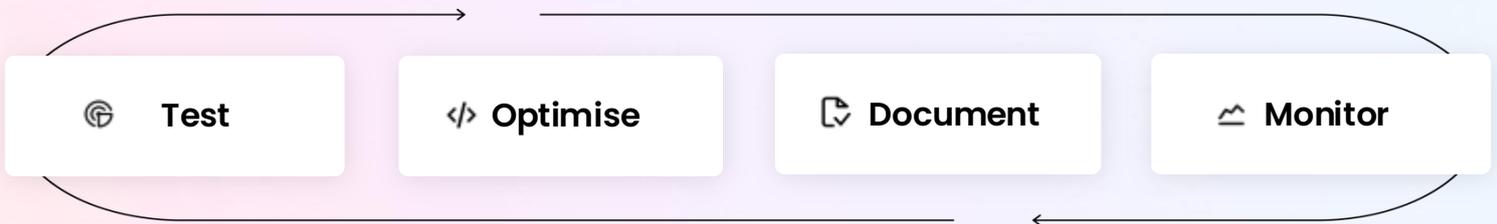

Expand your audience and unlock new revenue potential

Stay compliant with accessibility regulations

Becoming accessible, step by step — with Eye-Able by your side

Without Eye-Able

- ⊗ Missed legal deadlines lead to fines and warnings.
- ⊗ Fragmented tools create a lack of clarity.
- ⊗ Inefficient implementation of digital accessibility.

With Eye-Able

- ✓ Ensure compliance across Europe and worldwide, based on WCAG 2.2.
- ✓ All digital accessibility solutions in one platform.
- ✓ Combine automated and manual audits to get practical, ready-to-use recommendations.

Three components for truly holistic accessibility

Dashboard

Includes Audit, Report, PDF-Scanner, Access for AI optimisations, and many more

Assistive Plugins

Assist, Plain Language & Website Translation

Manual Services

Our inclusive expert team delivers what automated testing alone can't achieve

Empowering 20,000+ websites on their accessibility journey
