

# TNO Vector: Centre for Societal Innovation and Strategy

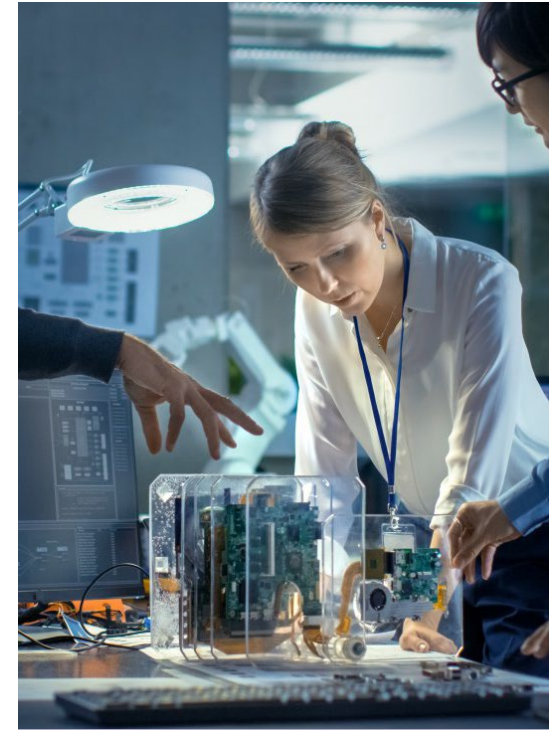

Sustainable autonomous industries

Economic, governance and spatial strategies

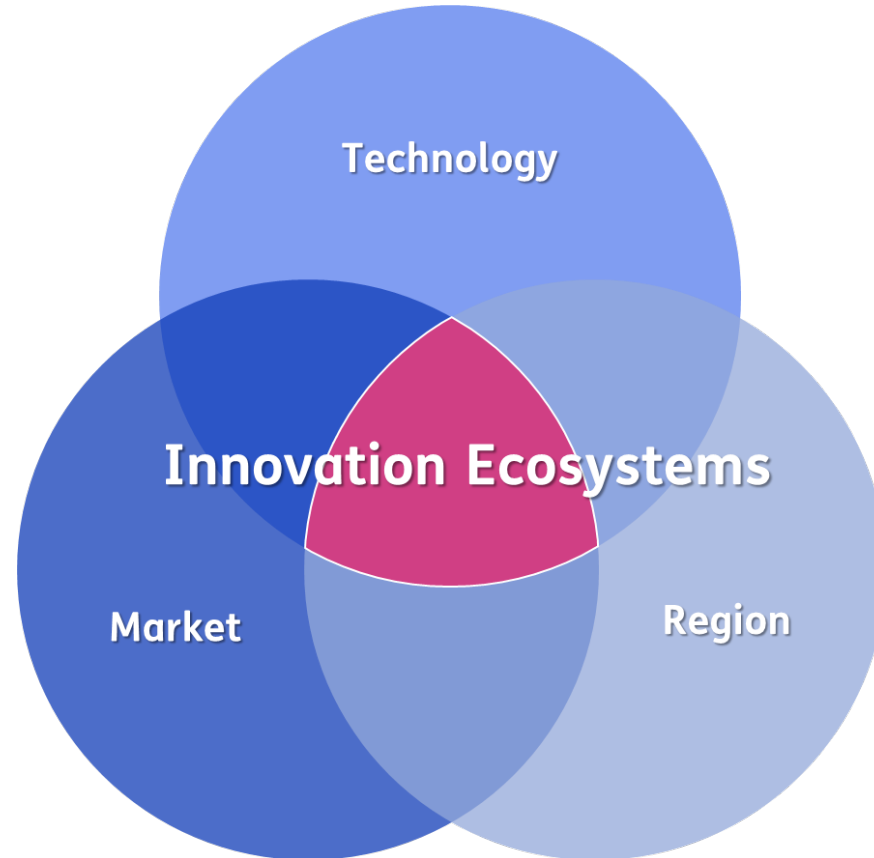

Digital society

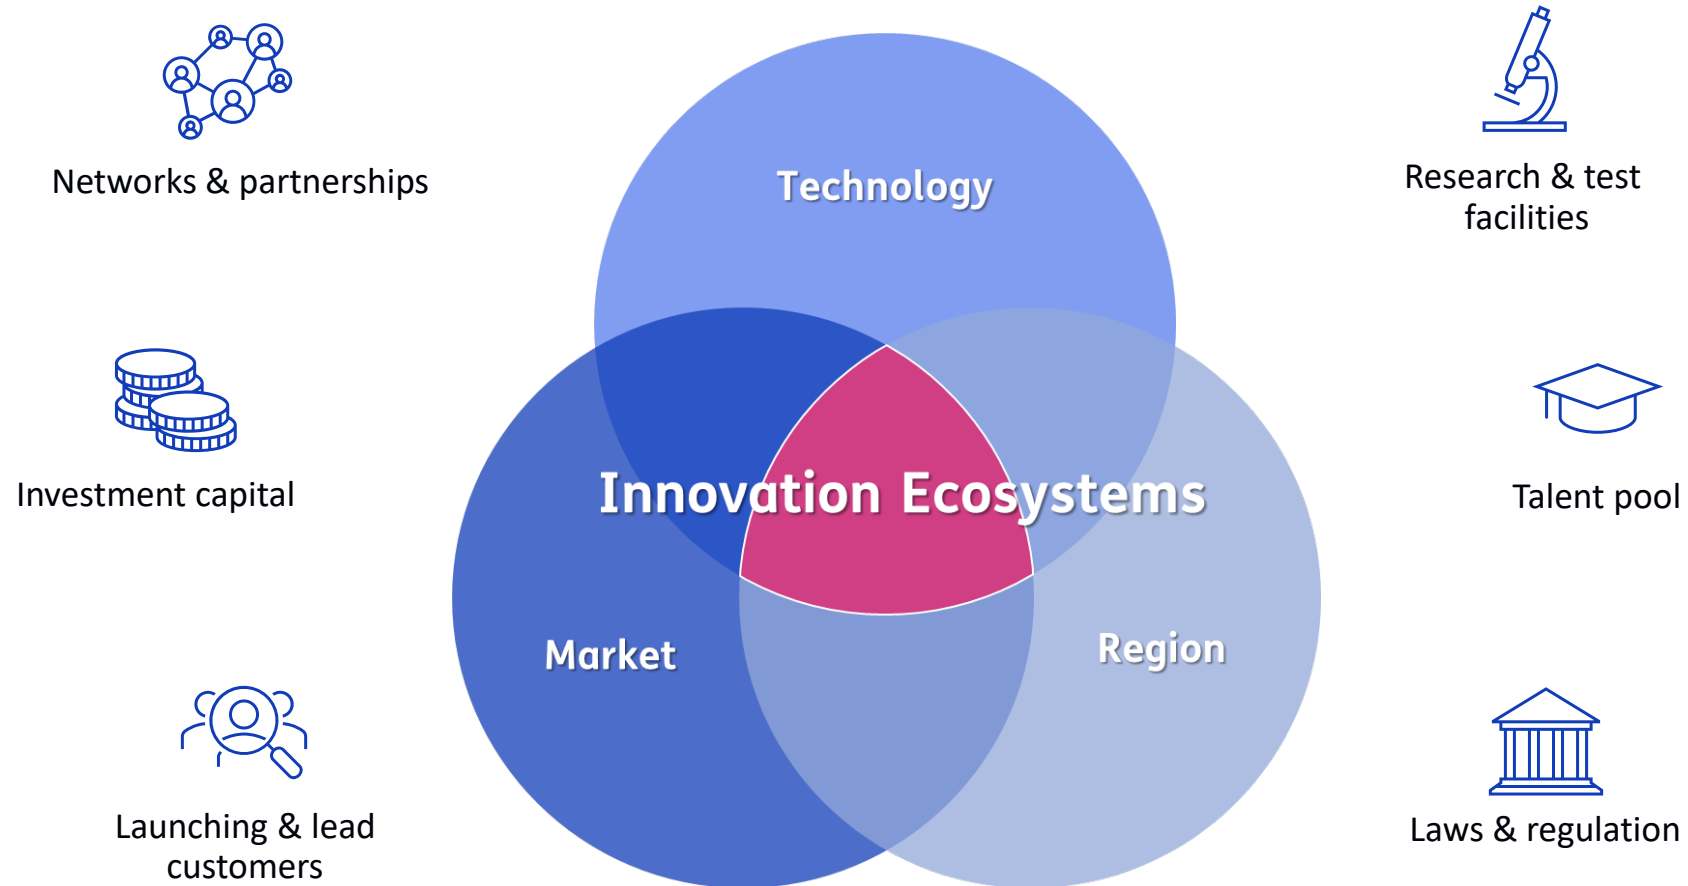

Transformative Innovation Systems

# Strengthening Innovation Ecosystems Requires Action from Three Perspectives

# Strengthening Innovation Ecosystems Requires Action from Three Perspectives

# Action Research with Ecosystems

- NXTGEN includes an action research program, where TNO Vector develops hands-on tools for ecosystem development and monitoring
- Examples of activities:
  - Gap analyses for finding blind spots and opportunities in ecosystem development
  - Biomed One-Stop-Shop Design Principles
  - Learning lab – best practices from other ecosystems inside and outside NXTGEN
