

Superb coffee experience
in a sleek design,
reliably professional, always tasteful.

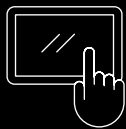

WMF 1100 S

Compact size, endless variety. WMF 1100 S.

Small in size, big on taste:

The compact WMF 1100 S is the specialist for quick and quiet coffee preparation. Ideal for providing a variety of hot drinks in the office.

Simple operation

- **7" touch screen:** Intuitive operation with vertical swipe function – perfect for self-service and catering.
- **Automatic cleaning:** The user-friendly Click+Clean technology starts when the machine is switched off, reducing the effort required for complete cleaning.

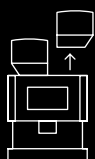

Endless variety of drinks

- **Two product hoppers:** Available for coffee beans and/or powders such as chocolate, milk powder or other toppings.
- **Basic Milk:** The fully automatic system ensures optimal consistency, temperature, taste and milk foam.
- **Manual filling:** For even more variety, ground coffee powder can also be used, e.g. for decaffeinated espresso.

Compact size

- **Fits anywhere:** The WMF 1100 S is specially designed for places with limited space and reliably delivers up to 80 cups of coffee per day.
- **Attractive design:** It combines high-quality design with excellent coffee quality and its slim shape makes it ideal for compact spaces.
- **Variable water supply:** With a 4.5 l tank, integrated filter and optional direct water connection.

add-ons
and payment
devices:

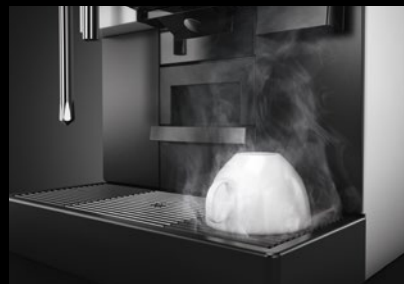

Flexible water supply

Compact, but with a large 4.5l water tank, integrated filter and optional continuous water supply – for maximum flexibility and convenience.

Hot water dispensing

More than just coffee: the separate spout dispenses hot water at 95°C – perfect for tea or other hot drinks. A multitude of delights at the touch of a button.

SteamJet

SteamJet technology uses steam to heat cups in seconds, keeping hot drinks hot for longer – for maximum enjoyment from the first cup to the last.

Professional brewing unit

The WMF 1100 S offers a professional, durable and removable brewing unit with a capacity of 15 g – for first-class coffee quality and easy cleaning.

Cup table

The WMF 1100 S has a cup platform for cups up to 100 mm high – so you can enjoy splash-free espresso with perfect crema, served directly in your favourite cup.

WMF CoffeeConnect available as an option.

The WMF 1100 S is digital-ready. Our telemetry solution connects your machines, provides insights into machine data and optimises processes. This allows you to improve the customer experience and implement completely new business models.

We are making history – every day. The development of our 'Made in Germany' coffee machines began back in 1927, the year in which we manufactured our first professional coffee machine. Since then, we have been continuously learning from our customers, in order to create the best coffee experience for you.

Tradition

Our long tradition of German engineering, craftsmanship and attention to detail is still evident today.

We stand for the production of excellent coffee machines, comprehensive service and first-class coffee.

Quality made in Germany

Design, product development, first-class materials, cutting-edge technology – our high-quality standards have brought us to where we are today. They ensure that every machine offers a long service life and outstanding performance.

Innovation

We are constantly setting new standards and developing innovative solutions to help you optimise your coffee business.

Service

From installation and maintenance to repairs: our outstanding service solutions are designed to keep your machines up to date with the latest technology throughout their entire service life.

We make sure your coffee machine works reliably and delivers excellent coffee.

Technical data

325 mm

571 mm

500 mm

WMF 1100 S

Power connection – coffee and hot water output	1.9–2.3 kW / 220–240 V – 80 cups *
Recommended daily / max. hourly output	80 cups
