

Premium quality made easy,
where office culture
meets coffee culture.

WMF 950 S

Sleek design, full-bodied taste. WMF 950 S.

Compact, but with plenty of room for flavour.
With the WMF 950 S, even small businesses can enjoy
great taste, thanks to its wide range of coffee creations
and individually customisable settings.

The perfect solution for coffee

- **Space-saving format:** Thanks to its compact dimensions of 303 x 528 x 562 mm, the WMF 950 S fits easily in confined spaces while still offering all the functions of a professional coffee machine.
- **High-quality design:** The WMF 950 S combines modern technology with first-class materials. Stylish looks meet impressive performance.

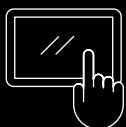

Great variety of drinks

- **Diversity at the touch of a button:** You can enjoy high-quality classics right from the start – simply choose from the menu with 21 presets.
- **Save personal favourites:** Customise speciality drinks according to your preferences and save them permanently.
- **Large bean container:** Keep the great coffees coming with the 750 g container, which can be easily removed, cleaned and refilled in seconds.

Simple operation

- **Intuitive controls:** The large touchscreen display allows for effortless navigation through the diverse menu with 21 presets and customisable specialities.
- **Cleaning at the touch of a button:** Thanks to Click+Clean technology, the WMF 950 S automatically takes care of weekly cleaning. A quick rinse cycle is sufficient for daily care.

Further specifications and technical details:

For places where every cup is special.

The wide range of beverage specialities and flexible application options make the WMF 950 S ideal for offices, lounges, hotels or events. Compact, easy to clean and intuitive to use, it quickly becomes a popular meeting place for enjoying coffee and socialising.

Offices and workplaces

The WMF 950 S brings café quality to the office and ensures that everyone can enjoy their favourite flavour. Its elegant, space-saving design and simple operation make it ideal for break rooms and smaller workspaces, promoting informal team interaction.

Hotels and restaurants

The WMF 950 S offers a refined coffee and tea experience in hotels and restaurants and creates a welcoming atmosphere. With its ample selection of specialties, it fits perfectly in breakfast rooms, lounges, or small conference areas. High-quality workmanship and intuitive operation ensure fast and seamless beverage preparation, even during peak times, providing an enjoyable experience that keeps guests coming back.

Travel and catering

The WMF 950 S offers maximum flexibility for the travel and catering industry. It can be set up anywhere, from events to trade shows, thanks to its built-in water tank and standard power plug. In lounges and waiting areas, it provides high-quality coffees that put travellers in a relaxed mood for their journey. Fast operation and robust construction guarantee consistent enjoyment, even with high throughput.

Quality and comfort are not mutually exclusive. As demonstrated by the many features of the WMF 950 S.

Discover more add-ons:

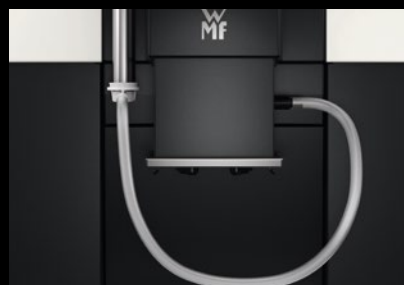

Compact design

Boasting the usual high-quality WMF design and perfect coffee quality, this fully automatic coffee machine with its slim shape is ideal for areas with limited space.

Large bean storage capacity

The bean hopper holds a total of 750 g, ensuring long-lasting and reliable coffee enjoyment. The bean hopper is easy to access for quick refilling and can be simply removed for easy cleaning.

Easy cleaning with Click+Clean

The machine reliably reminds you of weekly cleaning via its display. Thanks to the patented Click+Clean technology, it couldn't be easier.

Easy operation on 7" screen

The large touchscreen display allows intuitive navigation with 21 preset beverages and customisable specialities.

The right choice for every taste

With 21 presets, the WMF 950 S provides inspiration and assistance in selecting the right hot beverage. All beverages can be customised in the settings.

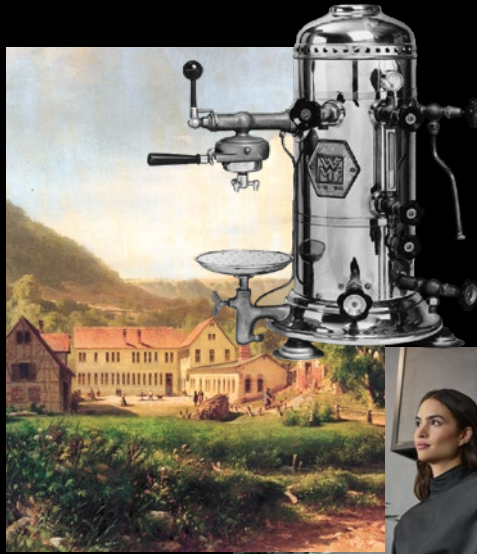

We are making history – every day. The development of our coffee machines began back in 1927, the year in which we manufactured our first professional coffee machine. Since then, we have been continuously learning from our customers, in order to create the best coffee experience for you.

Tradition

Our long tradition of German engineering, craftsmanship and attention to detail is still evident today.

We stand for the production of excellent coffee machines, comprehensive service and first-class coffee.

Quality

Design, product development, first-class materials, cutting-edge technology – our high-quality standards have brought us to where we are today. They ensure that every machine offers a long service life and outstanding performance.

Innovation

We are constantly setting new standards and developing innovative solutions to help you optimise your coffee business.

Service

From installation and maintenance to repairs: our outstanding service solutions are designed to keep your machines up to date with the latest technology throughout their entire service life.

We make sure your coffee machine works reliably and delivers excellent coffee.
