Card transactions

Fees	Summary	
Secure transaction fee	Covers the ongoing provision of the PCI management services and, for each attempted card transaction, the cost of enhanced security and fraud protection Applied when we communicate with the cardholder's bank to verify their available balance. This happens each time you attempt a card transaction or you attempt to process a refund	Based on your agreed plan

Refund fee

Applied each time you attempt to process a refund to a cardholder

Based on your agreed plan

Card machine services

Service

Summary

Dojo Go A920
Dojo One A80
Dojo Pocket
Dojo Wired
Dojo Go Max

For the initial configuration and ongoing maintenance of each card machine, including technical support, and the replacement of a card machine if it develops a fault (subject to certain exclusions) and you return it to us (delivery will be in line with the card machine maintenance services or the card machine exceptional replacement services, depending on which service you have selected)

Based on your agreed plan

If you fail to return the card machine within 30 days of receiving a replacement card machine, you must pay the card machine non-return fee. You must also pay our costs in arranging a replacement for a card machine that we find not to be faulty

Mobile connectivity

Data for you to take payments anywhere with mobile network coverage

Based on your agreed plan

Card machine maintenance services

Service

Summary

Card machine maintenance for:

Dojo Go A920
Dojo One A80
Dojo Pocket
Dojo Wired
Dojo Go Max

24/7 technical support, technical monitoring of each card machine, quarterly contact from us to ensure each card machine is working correctly and next business day replacement (delivery services may take longer in remote areas) if (subject to certain exclusions) any card machine or any part of it develops a fault (or is damaged) as a result of accidental damage, is damaged through malice or misuse, faulty batteries or battery packs that we did not provide, faults in (or caused by) any third-party device or attachment that we did not provide, or is stolen or lost. However, you must return any faulty or damaged card machine to us (except in cases of theft and loss)

If you fail to return a card machine within 30 days of receiving a replacement card machine, you must pay the card machine non-return fee. You must also pay our costs in arranging a replacement if we find any card machine is not faulty

We offer this service as standard to all customers (except those located in the areas set out in our Operating Guide) but you can choose not to receive this service by calling our customer services team, in which case you will receive our card machine exceptional replacement services instead for no extra charge

Based on your agreed plan

Account services

Service	Summary	
		Based on your agreed plan
Dojo Plans	We have different subscription plans which you can choose from. More details can be found on the Dojo website. This includes access to our cloud-native payments platform for fast, secure and reliable card transaction processing. We provide you with the ability to track and efficiently manage aspects of your business in real time based on the optional services you agree with us, including: ● back-office management ● account manager services ● insights data either via the Dojo app or account managers ● access to our proprietary technology that integrates your card machine with a compatible POS system (independently provided by your POS provider), and/or ● Dojo Intelligence (standard)	
Subscription break fee	The fee you pay if you decide to downgrade your subscription plan	Based on your agreed plan
Settlement services	Applied if you require a settlement schedule that is different from the settlement schedule set out in our Operating Guide	Based on your agreed plan
Implementation	Services provided to you for the initial training of your personnel to use the Dojo app and card machines, ongoing training for the duration of the card machine implementation period and the installation and integration of the card machines with hardware provided to you by one of our POS provider partners (excluding the installation of your POS hardware, which is independently provided by your POS provider)	Based on your agreed plan

PCI non-compliance	Applied if your account does not attest compliance with PCI DSS	£15.00 (+VAT) per month
Accessories	Applied if you require physical QR code tiles and shipment	Based on your agreed plan
	Applied if you require physical terminal covers	
Paper billing	If you choose to receive your monthly invoice and any balance statements and credit notes in the post	£3.50 (+VAT) per month
QR products and services	Applied if a product or service is used via a QR code which, at the time of use, is not acting as a gateway for a payment service	Based on your agreed plan
Chargeback management	Applied if a card transaction is disputed by a cardholder and the card issuer raises a chargeback request with us	Based on your agreed plan
Direct Debit failure	Applied if a Direct Debit fails	£15.00 (+VAT)
Arrears management	Applied for the administration of account arrears	£10.00 (+VAT)
Legal entity amendment	Administration required to update the legal entity on a Dojo account	£25.00 (+VAT)
Card machine replacement	Unless agreed otherwise with you, applied if any card machine develops a fault or is damaged and requires replacement	Up to £400.00 (+VAT) per machine
Card machine non-return	Applied if you fail to return any card machine, SIM and/or accessories within 30 days of receiving a replacement or after ending your agreement with us	Up to £400.00 (+VAT) per machine
Early account closure	Applied if your agreement has a minimum term (or any other fixed term that you and we may agree) and you decide to close your account early	Based on your agreed plan
