

# PPWR Documentation Statement

---

## Tyrolit AG

complies with its obligations under **Articles 15 and 16 of Regulation (EU) 2025/40** on Packaging and Packaging Waste (PPWR).

As the manufacturer of the packaging we place on the market, we provide the competent authorities and our customers with all documentation required by law to demonstrate PPWR compliance. This generally includes the EU Declarations of Conformity issued by Tyrolit for the packaging we supply.

For Private Label products, Tyrolit is not the manufacturer of the packaging within the meaning of the PPWR. In such cases, we will provide the technical documentation and/or other legally required compliance documentation made available to us by the respective packaging manufacturer.

Together with our packaging suppliers, we are currently working to ensure that all documentation required under the PPWR will be available by the applicable deadline of 12 August 2026. Please note that the PPWR does not require Tyrolit to prepare or sign customer-specific declarations, questionnaires, templates or individual packaging data sheets that go beyond the legally required documentation. We therefore kindly ask for your understanding that we are unable to accommodate such additional documentation requests, including on an individual basis.
