Wellbeing Dental Plan Quote 2026

What can **Denplan** achieve for you?

By choosing a dental plan for your employees*, you're helping to maintain a healthy and motivated workforce.

Helping with the cost of dental appointments and treatments means your employees are more likely to look after themselves. Dentists nip dental problems in the bud, so unexpected time-off work for your people can be avoided. When your people feel physically, mentally, and financially fit, your business productivity is healthier too.

Did you know that dental examinations also include medical questions that can **help with early detection of non-dental conditions?**¹

Mouth cancer is now the 14th **most common** cancer in the UK and 9th most common amongst men²

From 2000 to 2020 there's been a **97% increase in cases of mouth cancer**²

Only 6% of people think that poor oral health can be linked to health complications, **including strokes and dementia**³
