Application for Electricity Generation Licence

Please find enclosed the Electricity Generation licence for Oaklands Farm Solar Limited along with associated direction.

Please check your licence carefully to ensure that your company details and the terms of the licence are correct. If you have any concerns please contact me on the above telephone number as soon as possible.

Licence conditions

Licensees must ensure that they have obtained the wording of all modifications made to the Standard Licence Conditions for the type of licence which has been granted. Copies of modifications will be sent to you and it is therefore important that you update us with any change of contact details. Modifications may also be obtained by contacting Ofgem's Research and Information Centre on foi@ofgem.gov.uk. As well as this there may be licence modifications currently in progress for your licence type. We recommend that you check our website for details. You may also find it helpful to subscribe to our Ofgem daily update and / or newsletters at <https://www.ofgem.gov.uk/subscribe-our-news-and-communications>

We encourage you to keep us up to date should contact details (including email addresses) for the licensee change. You can do this by emailing licensing@ofgem.gov.uk

Yours sincerely,

Mark McCullagh
Licensing Co-Ordinator
