

## Company news

### **Flex Power Tools GmbH acquires FLEX Poland Sp. z o.o.**

**Steinheim, April 2026: Flex-Elektrowerkzeuge GmbH will acquire FLEX Poland Sp. z o.o., effective April 1, 2026, from the current importer of Flex products. This strategic acquisition marks another milestone in the history of Flex and underscores the Group's ongoing commitment to growth, innovation, and delivering first-class solutions to its customers worldwide.**

Through this acquisition, Flex Power Tools expands its presence in the Polish market and strengthens its position as one of the leading providers in the power tools industry. FLEX Poland Sp. z o.o., with its excellent reputation for quality and customer satisfaction, has shared the values and vision of the FLEX brand for many years, making this acquisition an ideal step toward future success. Strzegom, near Wrocław, will remain the headquarters for future expansion in Poland.

#### **A strategic step to strengthen the FLEX brand**

By integrating FLEX Poland into the global CHERVON Group network for the FLEX brand, the company will be able to expand its reach, improve supply chain efficiency, and bring new products to market even faster.

#### **Commitment to quality and customer satisfaction**

The acquisition of FLEX Poland aligns with FLEX Power Tools commitment to maintaining the highest quality standards and continuously improving customer satisfaction. Professionals can look forward to an even broader range of high-quality power tools tailored specifically to their needs. An in-house repair workshop as well as a large warehouse will further enhance service capabilities and product availability.

The acquisition of FLEX Poland Sp. z o.o. represents a decisive step forward, further strengthening the FLEX brand and supporting the continued growth of the CHERVON Group.

**About FLEX and CHERVON**

For the FLEX brand, headquartered in Steinheim/Murr in southern Germany, the professional tradesman is the benchmark. That is why this renowned manufacturer of power tools has been going where they are used—on construction sites, in workshops, and in factory floors—for over 100 years.

The FLEX brand is part of the globally active CHERVON Group and benefits from its worldwide innovation and production network.

Founded in 1994 and headquartered in Nanjing, China, the CHERVON Group is a leading global supplier of power tools and outdoor equipment. Its value chain encompasses research and development, procurement, manufacturing, testing, marketing, sales, and after-sales service for high-quality, innovative solutions.

For reasons of better readability, the generic masculine is used in our texts. Female and other gender identities are expressly included where this is necessary for the statement.
