PACKAGING

PET PACKAGING

designed to elevate your brand

We design and deliver **high-performance plastic packaging solutions** that elevate the way beverages and spirits are presented, protected, and experienced. Our PET packaging solutions combine **striking visual appeal** with the performance required across production, filling, logistics, and retail. From the very first concept to its final physical production we guarantee a **consistent quality**. From whisky, vodka, gin and rum to liqueurs, our PET bottles are engineered to **elevate your product** and ensure it stands out!

Why choose our PET bottles?

Premium glass-like appearance with **powerful shelf appeal**

Lightweight solution for easier handling and logistics

Strong, **reliable performance** across the supply chain

Optimized for high-speed filling lines

Versatile shapes, sizes, and neck finishes **for every production scale**

Fully customizable to express your brand identity

circularity

Recycled content

UNPACKAGING Y/OUR SUSTAINABILITY POTENTIAL

All our PET spirits packaging collections are also available in a sustainable material.

Recycled content: PCR-PET is a plastic obtained from the packaging that has been used by consumers, properly disposed of, recycled into a new product and put back on the market!
