International transfer of your personal data

We may transfer some of your personal data outside of the EEA (European Economic Area). We will only do that if we have an appropriate safeguard in place for example, where:

- A country is deemed adequate by the European Commission.
- We use standard European Commission approved contracts with the ICO's approved Addendum or the ICO's International Data Transfer Agreement.
- Where a US organisation is certified under the UK extension to the EU-US Data Privacy Framework (the "UK Extension")

Your personal data rights

Under UK GDPR, you have a number of personal data rights you can exercise over your personal data. You can exercise these rights at any time by calling our Customer Experience Team on 0808 109 8765 or by emailing info@postcodelottery.co.uk

You have the right:

- to ask us not to use your personal data for direct marketing.

- to ask us not to process your personal data where it is processed based on legitimate interests if there are no compelling reasons for that processing.
- to request from us access to personal information held about you
- to ask for the information we hold about you to be rectified if it is inaccurate or incomplete.
- to ask that we stop any consent-based processing of your personal data after you withdraw that consent.
- to ask, in certain circumstances, to delete the personal data we hold about you.
- to ask, in certain circumstances, for the processing of that information to be restricted; and
- to ask, in certain circumstances, for data portability.

Your right to complain

We pride ourselves on our high standards of customer service and are fully committed to protecting the personal information you trust us with. If you wish to contact us to query or complain about the way we use your personal data, we will treat the matter with the utmost seriousness.

Please direct your query or complaint to our Data Protection Officer at 28 Charlotte Square, Edinburgh, EH2 4ET or by email at data.protection@postcodelottery.co.uk

If you remain unsatisfied with our handling of your complaint, you can complain to the **Information Commissioner's Office (ICO)**. You can find out more about that right and the complaint process [on the ICO website](#) or by calling 0303 123 1113 (local rate) Monday to Friday, 9am and 5pm (excluding bank holidays).

Your right to be informed if your personal data is compromised

In the unlikely event that the personal data we hold is breached or compromised in a significant way that would be a high risk to your rights and personal freedoms, we'll contact you without delay to let you know:

- What happened and how it happened
- What data was affected and what that means to you
- What we are doing about it and how you can stay informed
- How you can contact our Data Protection Officer

How we keep your personal data safe

At People's Postcode Lottery, information security is very important to our business. We are fully committed to ensuring information security, confidentiality and integrity. Examples of the way in which we do this are given below.

How we minimise risk and approach to IT Security

People's Postcode Lottery are ISO 27001 certified. ISO/IEC 27001 is the international standard for information security. It sets out the specification for an effective ISMS (information security management system).

ISO 27001's best-practice approach helps organisations manage their information security by addressing people, processes and technology.

Certification to the ISO 27001 standard is recognised worldwide to indicate that your ISMS is aligned with information security best practices.

Keeping card payments safe

People's Postcode Lottery hold PCI (Payment Card Industry Data Security Standard) certification. The accreditation shows that we collect, store and process card information to the highest security standards.

The information you send us online

The methods we use to ensure data is safeguarded while being sent over the internet are industry-standard. When information reaches us, we store it securely and only provide access to authorised personnel or data processors.

How we restrict access to your personal data

People's Postcode Lottery maintains strict physical, electronic, and administrative safeguards to protect your personal data from unauthorised or inappropriate access. The data we collect is stored in secure operating environments not accessible by the public

The data we collect and process when you visit our website

How we monitor your activity on our website

It is important to us that we give our website visitors and players the best possible experience when they use our site. We use a number of tools to help us monitor activity on our website. You can find out more in our [Cookie Notice](#).

Consent

We use a Consent Management Platform for you to opt-in to cookie collection and give you full control over opt-in/opt-out. Please note our website may not function correctly if you change certain preferences, such as disabling all cookies. You can amend your preferences on the Privacy Settings box on your window. You cannot access our site unless you have given or rejected (on a purpose/cookie-based level) consent.

We also use an API (application programming interface) to transfer hashed data to Meta, Tik Tok, Snap and Next Door. We use an irreversible encryption mechanism, before transmitting the hashed data to their servers via their Conversion API. We will only transfer the hashed data if you have accepted both 'Performance' and 'Targeting' cookies via our cookie management tool. We use this hashed data to improve the measurement of ad performance in Meta, Tik Tok, Snap and Next Door.
