Local Transport Plan (LTP4)

A need to change

We are committed to significantly transforming our transport networks to achieve net zero emissions by 2050, in line with the national target. Our new Local Transport Plan sets out the changes that we will all need to make to achieve this important goal.

Public and Road Transport

20

- ✓ 1. Safer, Healthier Streets for Surrey
- ✓ 2. Stronger Local Communities
- ✓ 3. Reliable, Affordable and Desirable Public Transport
- ✓ 4. Cleaner Air & Climate Resilient Travel
- ✓ 5. Smarter, Better Managed Roads

1. Safer, healthier streets

- Promote lifelong healthy travel by delivering safe, attractive walking, wheeling and cycling routes, especially around schools, that make everyday activity easier, support children and young people, and improve physical and mental wellbeing
- Improve crossings, junctions, pavements and dropped kerbs
- Support Vision Zero: eliminating fatal and serious road injuries
- Work with communities to introduce 20mph where residents want safer streets
- Tackle dangerous pavement parking

WHAT THIS MEANS FOR LOCAL PEOPLE:

Children can walk or cycle safely, streets feel calmer & more welcoming, everyday journeys become an easy way to stay active and healthy

2. Stronger local communities

- Ensure planned new developments have good connections, which don't result in gridlock
- Work with residents, disability groups, school, parish and town councils to ensure the community is fully involved and informed over the long term
- Strengthen local centres so daily needs are closer to home
- Improve digital access so people don't always need to travel
- Ensure rural communities are not left behind
- Make sure local decisions match Surrey's long-term transport plan

Shorter trips, thriving high streets and better access to services

3. Reliable, affordable & desirable public transport

- Improve bus reliability, frequency and evening/weekend services
- Make fares simpler and more affordable
- Ensure buses and trains connect properly, with easier interchanges
- Support demand-responsive services for rural areas
- Protect essential routes from budget cuts

WHAT THIS MEANS FOR LOCAL PEOPLE:

More dependable buses and trains you can plan your day around

4. Cleaner air & climate resilient travel

- Reduce harmful pollution around homes, schools and high streets
- Support access to cleaner vehicles and affordable EV charging that works for neighbourhoods
- Work with key stakeholders to build and maintain a robust and climate-ready transport network that connects with neighbouring counties
- Back local programmes that help residents choose healthier, low-carbon travel options
- Protect funding for road safety & key bus services
- Publish regular updates on progress, emissions, safety and transport use

WHAT THIS MEANS FOR LOCAL PEOPLE:

Healthier air, quieter streets and a county that's prepared for the future

5. Smarter, better-managed roads

- Support cleaner, more efficient freight and delivery systems, particularly Last Mile Delivery
- Expand EV charging where it's needed most
- Maintain roads, pavements and drainage to a high standard
- Ensure accessibility for all is built into every project
- Use technology to reduce bottlenecks and improve traffic flow

WHAT THIS MEANS FOR LOCAL PEOPLE:

Less congestion, smoother journeys and roads that work better for everyone

Candidates' Pledge

If elected, I commit to championing Surrey's Local Transport Plan and to working with residents, officers and community groups to create a cleaner, safer and more sustainable transport future for Surrey. I will actively support the 5 Strategic Priorities of Healthy Travel Surrey:

- ✓ 1. Safer, Healthier Streets for Surrey
- ✓ 2. Stronger Local Communities
- ✓ 3. Reliable, Affordable and Desirable Public Transport
- ✓ 4. Cleaner Air & Climate Resilient Travel
- ✓ 5. Smarter, Better Managed Roads

What you can do

- 1) Join Healthy Travel Surrey
- 2) Ask your candidates to pledge their support
- 3) Use our social posts
