

Ship pallet air freight as easily as parcels

Instant online pricing. Competitive UPS rates.
Door-to-door, **with no manual quotes and no waiting.**

Most businesses shipping heavy consignments internationally still rely on manual quotes, email chains, and 24 to 48-hour delays. **Parcelhero changes that.**

Through our partnership with **UPS Supply Chain Solutions**, you can now quote and book pallet air freight online in minutes, within the same platform you already use for parcels.

What it is and how it works

POWERED BY

UPS Supply Chain Solutions (UPS SCS).

MINIMUM WEIGHT

150kg.

INDICATIVE RATE

From £1.20/kg door-to-door.

TRANSIT TIME

8 to 10 working days door-to-door.

CUSTOMS CLEARANCE

Included. Documentation generated at booking.

DESTINATIONS

International, including US import and export.

TRACKING

End-to-end visibility, collection to delivery.

ACCOUNT SUPPORT

Dedicated management for regular shippers.

Select Pallets
when quoting

2

Enter weight
and dimensions

3

Get instant
pricing for 150kg+
shipments

4

Book online
and receive
documents instantly

5

Track
shipment door-to-
door in transit

All pricing is door-to-door. Collection, customs handling, and delivery are included in the price you see, no hidden fees, no surprises at checkout.

Why Parcelhero for pallet air freight

Instant pricing

No waiting 24 to 48 hours for manual quotes. Get a door-to-door price in seconds and book immediately.

Door-to-door, not port-to-port

Unlike services priced airport-to-airport, we include collection, customs, and delivery in every quote.

Powered by UPS SCS

Trusted global infrastructure with competitive rates, consistent execution, and reliable transit.

Customs support included

We generate all required documentation as part of the booking, reducing the risk of delays at the border.

Shipment requirements

PALLET DIMENSIONS

Maximum 1.2m length x 1m width.

MINIMUM WEIGHT

150kg or above to access the air freight option.

MAXIMUM HEIGHT

155 to 160cm (standard aircraft ULD compliance).

PALLET COMPLIANCE

Wooden pallets must be ISPM-15 compliant (heat-treated and stamped). Plastic and metal pallets are generally exempt.

PALLET PREPARATION

Goods must be palletised, shrink-wrapped, and strapped with no overhang before collection.

Ideal for

B2B ecommerce, wholesale, and distribution businesses shipping 150kg or more internationally. Particularly suited to businesses looking to consolidate parcel and pallet shipping within a single platform as shipment complexity grows.
