Five destinations.
Five cocktails.

A TASTE OF JAPAN

Five destinations. Five cocktails.

Japan is a land of contrasts. From the neon-lit streets of Tokyo and Kyoto's centuries-old tea traditions to Osaka's vibrant food scene, Hiroshima's beautiful autumn colours and the tropical island life of Okinawa.

Inspired by five destinations, each with its own story, culture and flavours, we've captured a little of what makes each place special. Drawing on local traditions, we've brought the spirit of each destination to life in a cocktail.

A journey through Japan. No flights, passports or jet lag required.
