

ALERGENY

Ve Sticks'n'Sushi připravujeme všechna jídla čerstvá přímo v našich otevřených kuchyních. Naši kuchaři během dne pracují s řadou různých alergenů, a přestože děláme maximum pro minimalizaci rizika křížové kontaminace, nemůžeme zaručit, že je některý z pokrmů zcela bez alergenů nebo vhodný pro osoby s alergií. Z tohoto důvodu také nemůžeme upravovat pokrmy v případech, kdy by mohlo hrozit riziko křížové kontaminace alergenů.

Sója a sezam

Vzhledem k tomu, že sóju a sezam v naší kuchyni používáme ve velké míře, nemůžeme zaručit bezpečné prostředí pro hosty s alergií na sóju nebo sezam. Bohužel proto hosty s těmito alergiemi nemůžeme obsloužit.

Prosíme, vybírejte si pokrmy s ohledem na své stravovací potřeby a mějte na paměti, že popisy v našem menu neuvádějí všechny ingredience ani alergenů.

✓ = Obsahuje alergen

M = Není záměrně přidáno – avšak výroba, manipulace, skladování, olej ve fritéze nebo gril robata představují riziko křížové kontaminace, které nelze odstranit.

At Sticks'N'Sushi, all our food is made fresh in our open kitchens. Our chefs work with several different allergens throughout the day and, while we do everything we can to minimise cross-contamination, we cannot guarantee that any dish is completely allergen-free or suitable for someone with an allergy. For this reason, we are unable to modify dishes due to the risk of allergen cross-contamination. Please choose dishes that are suitable for your diet and remember that our menu descriptions don't list every ingredient or allergen.

Soy and Sesame

Because soy and sesame are used so extensively across our kitchen, we're unable to guarantee a safe environment for guests with a soy or sesame allergy, and regretfully cannot serve guests with these allergies.

Our allergen guide is here to help, listing the allergenic ingredients in each dish, including the 14 mandatory allergens, as well as garlic and onion. If you can't find what you need, or you're unsure about anything, please talk to one of our team, we'll always be happy to help. Recipes and ingredients can change from time to time, so it's worth checking the allergen information each time you visit, to make sure you have the most up-to-date information.

✓ = Contain allergen

M = May contain allergens

M = Not intentionally added - but manufacturing, handling, storage, fryer oil, or robata grill create a cross contamination risk that can't be removed

Dish	Celery	Cereals containing gluten	Crustaceans	Egg	Fish	Lupin	Milk	Molluscs	Mustard	Nuts	Peanut	Sesame	Soya	Sulphites	Garlic	Onion
