

Kanadevia Inova acquires assets from Bieber Industrie in France

Swiss-based green-tech leader will absorb Bieber Industrie assets into Kanadevia Inova Est Industries, its French subsidiary, strengthening support for customers in France and across Europe.

Zurich, Switzerland — Kanadevia Inova, a global leader in solutions for the energy transition and circular economy, announces the acquisition of a number of assets from French metalwork specialist Bieber Industrie, bolstering its team in the country and boosting support for customers across Western Europe.

The deal, struck earlier this year, strengthens Kanadevia Inova's manufacturing of thermal waste treatment components, specifically securing the production of the Inova II grate, which Bieber Industrie has manufactured for the company for 30 years.

By integrating Bieber's Drulingen facility and workforce, the move expands the Kanadevia Inova Est Industries team to over 250 employees. This expansion significantly scales the company's industrial boilerwork and service capacity to meet rising demand in the aging European waste infrastructure market.

About Kanadevia Inova

Kanadevia Inova is a global green-tech leader that pioneers innovative solutions for the energy transition, the circular economy and decarbonisation.

Headquartered in Zurich and employing over 3,500 people in 17 countries, Kanadevia Inova specialises in Waste-to-X (WtX) and Renewable Gas (RG), delivering turnkey plants and system solutions that transform waste and biogenic residues into valuable resources.

As part of Kanadevia Corporation, our Mission is to bring value to communities and contribute to a future free of wasted waste. We take a holistic approach – from project development, engineering, procurement and construction (EPC) to service throughout a plant's life cycle. By integrating advanced technology and continuous research and development, we ensure that each project is designed to achieve optimal performance.

With more than 1,600 reference projects completed globally, our team delivers innovative, customer-centric solutions to both established market leaders and partners in emerging markets. Find out more about our company at www.kanadevia-inova.com.
