

**Combining short sea shipping solutions  
with bespoke breakbulk capabilities**

# Frequent, flexible and reliable

With 30 purpose-built ships, over 200 sailings per week and terminal handling services at 15 ports, we are one of Europe's leading providers of short sea shipping solutions.

Our comprehensive network, which incorporates our own terminals, enables reliable, cost-effective connections between Europe's major economic hubs, delivered by an experienced team of over 3,000 people.

# Bespoke breakbulk solutions

As an integral part of our short sea shipping services, we help customers ease the logistical headaches involved with the transport of non-standard cargo.

Our Rotterdam and Zeebrugge terminals serve as CLdN's main breakbulk hubs in Europe, handling cargo to and from our other destinations in the UK, Ireland, Iberia and Scandinavia. These terminals have multiple railheads and cross-docking options for barges.

Our flexible service offers several key advantages over road transportation:

- **no need for regulatory permits**
- **larger capacity for bulky items**
- **greater scheduling flexibility**
- **competitive rates compared to road**
- **reduced carbon emissions**

CLdN

## Greener Shipping

Thanks to our strategy of investing in larger, more fuel-efficient ships over the last decade, CLdN has the lowest carbon footprint of all Western European RoRo operators\*.

24% less CO<sub>2</sub> emitted per tonne of cargo carried than our nearest competitor

we operate the youngest fleet with an average vessel age of 11 years, compared to 16.5 years for our competitors

\* Based on a comparison of CO<sub>2</sub> and fuel consumption data of CLdN and its seven main peers reported under the European Commission's Monitoring, Reporting and Verification (EU-MRV) Regulation.

## Integrated transport solutions

Founded in 1929, CLdN's mission is to excel as an integrated provider of maritime links.

Our offering is built around five core services:

Short Sea  
Shipping

Terminal  
Services

Multimodal  
Transport

Automotive  
Logistics

Freight  
Forwarding
