The Barrière GROUP

FROM GENERATION TO GENERATION

KNOWLEDGE, TRANSMISSION AND INNOVATION

8 Barrière is above all a familγ business, passed down from generation to generation. It is a Group that has never stopped developing in France and abroad and diversifying around its core business: hospitalitγ and related leisure activities.

1912-1962 FRANCOIS ANDRÉ

François André created modern tourism in Deauville, then in La Baule in 1926. An entrepreneur at heart, he invented the concept of the "Frenchstyle resort", bringing together a casino, hotels and sports facilities in the same place.

1962-1990

LUCIEN BARRIÈRE

In 1962, Lucien Barrière, François André's nephew, took over the Group he had joined ten years earlier. He modernized it with a view to maintaining tradition and preserving the prestigious resorts bequeathed by his uncle. In 1980, in order to unite all the establishments he owned, he created the Société Hôtelière de la Chaîne Lucien Barrière (SHCLB) and brought together the hotels and the casino of La Baule under its umbrella.

François André

Lucien Barrière

FROM 1990 DIANE BARRIÈRE

In the early 1990s, Diane Barrière succeeded her adoptive father Lucien Barrière. She initiated major renovation projects and, in particular, created the inimitable "Style Barrière" by embarking on a long collaboration with the decorator Jacques Garcia. Under her aegis, the Group acquired the prestigious Fouquet's brasserie on the Champs-Elysées in Paris in 1998. Boldness, the French art de vivre, refinement and the avant-garde would guide its legacy within the group.

FROM 2023

JOY DESSEIGNE-BARRIÈRE & ALEXANDRE BARRIÈRE

Together, Joy Desseigne-Barrière and Alexandre Barrière constitute the fourth generation of entrepreneurs at the helm of the Group. Passed down from their mother, they ensure its influence, its development, its loyalty to the values that have been its strength since 1912. In 2023, the Group once again became a 100% family business, with Joy and Alexandre as the main shareholders.

10 PLANÈTE BARRIÈRE

The Corporate Social Responsibility (CSR) strategy, called "Planète Barrière", structures the integration of environmental and societal issues across all of Barrière Group's business areas.

Founded over a century ago, the Group places great emphasis on human values and respect for the environment. Its ambition is to offer clients a premium experience imbued with warmth and hospitality. This approach is led by the Group's Governance and embodied by all teams. Within each property, Sustainable Development Representatives act as true conductors, implementing the CSR strategy through a wide range of actions and partnerships that reflect their local roots. Clients, teams, communities, suppliers, partners... All stakeholders are involved through a constructive and collaborative approach.

The "Planète Barrière" 2025–2027 strategy is built on three pillars: **E**nvironment, **S**ocial, and **G**overnance.

ENVIRONMENT

"Preserving our ecosystems by combining tourism, leisure, and environmental respect"

Committed to a decarbonization pathway, Barrière Group integrates principles of the circular economy and biodiversity preservation at the core of its operations. Its approach combines tourism and leisure with environmental responsibility to protect ecosystems while offering a more sustainable guest experience.

SOCIAL

"Caring for our clients and teams, supporting our Talents, and contributing to local development"

The well-being and health of both guests and staff are central to the Group's strategy. The "Barrière spirit" includes fostering talent development and contributing to local community vitality, thus promoting an environment conducive to collective growth.

GOVERNANCE

"Ensuring the Group's long-term future in a more sustainable and responsible way"

Planète Barrière is championed at the highest level of the Group's Governance, by co-Chairs Joy Desseigne-Barrière and Alexandre Barrière, CEO Grégory Rabuel, and the Executive Committee.

The Group ensures that the Planète Barrière approach is structured and rolled out across all its establishments through concrete actions and measurable indicators. Each year, a CSR report assesses performance, highlights successes, and helps refine areas for development or improvement.

Moreover, our establishments are signatories of the Responsible Events & Seminars Charter, committing to uphold it and implement the related action plan.

OUR ISO 20121 COMMITMENTS

Barrière Group's ISO 20121 commitments to responsible events include:

PROMOTING THE CIRCULAR ECONOMY

Circular economy principles are applied to Events & Seminars activities, with optimized waste management through a single specialized partner: Take a Waste. This enables regulatory anticipation and effective sorting.

The Group is also reducing its paper usage by digitizing communications and offering guests digital press services via PressReader. Barrière encourages the reduction of singleuse packaging and promotes reuse (decor elements, banners, badges, brochures, etc.)

OPTIMIZING NATURAL RESOURCES

Numerous initiatives aim to reduce water and energy consumption, such as centralized lighting control and the installation of resource-efficient equipment.

Renewable energy now represents 50% of Barrière Group's energy contract.

PROMOTING RESPONSIBLE DINING

The Group promotes a more sustainable dining model that combines pleasure, quality, and environmental respect by offering guests local, seasonal products and vegetarian dishes.

Particular attention is paid to food quality by prioritizing recognized certifications (Label Rouge, MSC Sustainable Fishing).

Efforts are also made to combat food waste by carefully sizing offerings, adapting containers, and training teams on the topic.

ENCOURAGING SOFT MOBILITY AND ACCESSIBILITY

Certified Barrière destinations are accessible by highspeed train (TGV) and support soft mobility through services like bike rentals, shuttles, or EV charging stations.

The Group also aims to progressively certify its properties with the "Tourisme & Handicap" label. This label helps tourism sites improve accessibility, offering a reassuring and adapted experience to visitors with disabilities.

FOSTERING SOCIAL INITIATIVES AND LOCAL ENGAGEMENT

Barrière hotels partner with associations that recycle used soaps. This sustainable, solidarity-driven initiative fights waste and promotes hygiene access for the underprivileged.

Our properties are also proud ambassadors of Café Joyeux, an initiative that promotes inclusion by providing employment to individuals with disabilities in ordinary working environments.

Barrière Group is deeply committed to the regions where it operates, offering responsible activities for its Seminars & Events clients, in collaboration with partner agencies or local providers.
