L'ATELIER EXPERTISE

« You have to dare everything »

Josephine Baker

A SIGNATURE experience where expertise meets innovation. This atelier begins with an ultra-precise analysis of your skin and scalp, performed by a Skin Expert and enhanced by cutting-edge technology.

An exceptional moment to decode your needs and unveil your natural glow. Treatments, advanced protocols, next-generation actives... every recommendation is crafted to elevate your skin and enrich your beauty ritual, powered by SeeMyCosmetics high-performance cosmeceuticals.

THE TIMELESS BEAUTY ATELIER

« There's no fashion for beauty: you must be beautiful in your own way. »

Marlene Dietrich

AT Maison Barrière Vendôme, beauty is heritage, a timeless signature that defies trends and transcends time. Marlene Dietrich, the ultimate icon of glamour, knew that true elegance lived in the mastery of subtle detail, in the art of the gaze.

Inspired by that pursuit of perfection, Elodie Raheria, a pioneer of lash extensions and custom enhancement techniques in France, brings her couture vision to life through Art Beauté Couture. Her expertise in dermopigmentation redefines the eye area with microshading, a refined method that enhances the brow line with natural elegance. The lips, in turn, are delicately illuminated with Lip Blushing (also known as Nude Lips) for a soft, effortless glow.

Sculpted brows, redefined lips, seamlessly applied lash extensions... each gesture, each line, each hue is part of a quest for harmony and intensity, faithful to the codes of Parisian elegance.

A gaze that captivates. A beauty that endures.

SIGNATURE RITUAL

THE MARLENE GAZE

A gaze to remember. Captivating intensity. An expression that transcends time. The signature ritual The Marlene Gaze is a tribute to the sculptural elegance and magnetic charisma of Marlene Dietrich.

Designed as a complete eye-enhancement ritual, each detail is elevated with absolute precision:

- **Expert brow reshaping for ideal balance and perfectly defined lines.**
- **Brow Lift for a natural lifting effect and amplified depth.**
- **Nourishing Lash Lift enriched with keratin and vitamins, boosting density and shine.**
- **SeeMyCosmetics Korean Lift: a fine mist of plant stem cells that delivers radiance, hydration, and lift to the eye contour for a visibly luminous and youthful result.**

Every movement is meticulous. Every detail magnified. A beauty that is both timeless and bold.

SIGNATURE RITUAL

GEORGE SAND

Designed as a deeply immersive sensorial odyssey, this ritual explores the alchemy of temperatures and textures. It is a true pause in time, where body and mind align in perfect resonance. A JOURNEY OF EXCEPTION:

Awakening Atelier

Infrared sauna

Exfoliation & sensorial shower

Ice bath

Korean Lift

Detox juice and healthy selection

1h45

THE EXPERIENCE IN DETAIL:

The journey begins with a gentle awakening: a blend of breathwork and meditation, leading into a rich sensorial experience. The soothing warmth of the infrared sauna softens the skin and allows the body to completely relax from any tension. This gentle, deep-penetrating heat stimulates circulation, promotes the elimination of toxins, and prepares the body to receive the full benefits of the following stages.

Next comes a deep exfoliation, revealing skin that feels incredibly smooth and silky, perfectly primed to receive the refreshing benefits of cold. This is followed by a sensorial shower, where water becomes a mesmerizing caress. Shifting between intensity and softness, this aquatic ballet invites total relaxation and enhances receptivity to the moment's benefits.

Then, immersion in the ice bath: a true awakening for body and mind. Diving into this invigorating water is a singular experience, a regenerative shockwave that boosts blood flow, strengthens the immune system, and infuses fresh vitality.

The ritual concludes with one last moment of delicate, high-performance care. A mist of plant stem cells, delivered via ultra-precise technology, envelops the face in a fine veil of active ingredients, deeply hydrating and regenerating the skin. Finally, a detox juice and healthy selection are served to extend the benefits of the ritual from the inside out.

THE EMOTIONS ATELIER

THE SENSORIAL SHOWER • FOR ISADORA DUNCAN

« YOU MUST HAVE THE WILL OF A FLAME TO TURN LIFE INTO LIGHT »

Free-spirited and instinctive, Isadora Duncan revolutionized dance through her complete surrender to movement, just as George Sand challenged the conventions of her time with the boldness of her pen. Together, they would have found in this enveloping rain a liberating caress, a suspended moment where water dances with the skin.

THE INFRARED SAUNA • FOR SIMONE DE BEAUVOIR

« TO LIVE FREELY IS TO REFUSE THAT ANYTHING BE WRITTEN IN ADVANCE »

To defy conventions. To think and rethink the world. George Sand and Simone de Beauvoir, kindred trailblazers, would no doubt have extended their dialogue in the comforting warmth of the infrared sauna, a haven where the body relaxes and the mind awakens, ready for new conquests.

Thanks to advanced technology, this full-spectrum sauna penetrates deep into the tissues to release tension and purify the body. It reproduces the natural benefits of the sun's infrared rays, without the harmful effects, for longevity of both body and spirit.

THE ICE BATH • FOR ÉDITH PIAF

« YOU HAVE TO DARE TO RISK EVERYTHING TO FEEL ALIVE »

To face the intensity of cold, to tremble with raw emotion and emerge transformed... George Sand and Édith Piaf, unafraid to embrace life's intensity, would have found in the ice bath an exhilarating challenge, a regenerative shockwave, like one last shiver before diving back into life with unshakable passion.

This immersion is a true boost of vital energy. It stimulates blood circulation, strengthens the immune system, and revitalizes the body's entire rhythm. A powerful ritual to push one's limits and fully feel the present moment.

A SECLUDED SANCTUARY, A HAVEN OF SENSATION AND EMOTION.

The Emotions Atelier is an invitation to explore, feel, and share in an exceptional setting where every element tells a story and every instant becomes a memory.

Private access only.

1H30 • Full access to the installations for a solo or duo sensorial journey.
