05_Step3 First Login

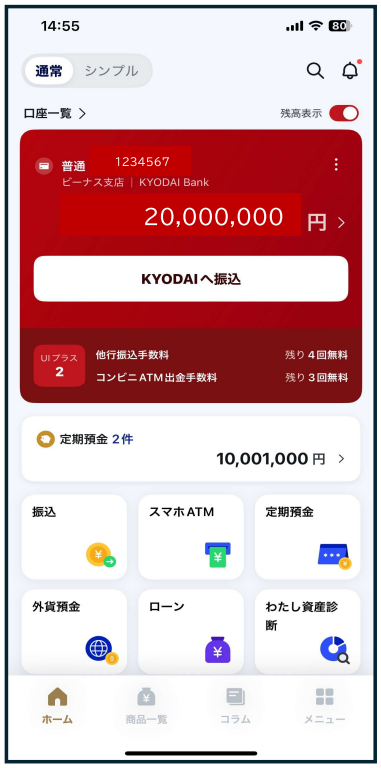

3-1 You will receive an email with the subject line "[UI Bank] Account Opening Complete - First Login Request".
3-2 Confirm your customer number listed in the email.
3-3 Click the Login button.
3-4 Enter your customer number and initial login password (4-digit number). Check the box to save your customer number, then press "Login".

05_Step3 First Login

3-5

3-6

3-5 Change your initial 4-digit login password to a new password consisting of 8–12 alphanumeric characters.
3-6 After your initial login, you can confirm your branch name and checking account number. At this point, your checking account becomes available for use.
