

Where your super should be paid is your choice. From 1 November 2021, if you start a new job and you do not advise your employer of your choice of super fund by completing this form, most employers will need to check with the ATO if you have an existing super account to pay your super into. It's easy to choose Vision Super. Simply complete this form and hand it to your employer so they can pay your contributions into your Vision Super account.

Acting on your employees’ choice

Payment of contributions

New employees from 1 November 2021:

If you haven’t received a completed form from a new employee and a super contribution is due, to avoid penalties you must request the employee’s stapled super fund from the ATO and make the payment to that fund by the due date.

- If the ATO advises the employee does not have a stapled super fund, you can make the payment to your nominated default super fund or another fund that meets the choice of fund rules.
- In the two months after you receive a new employee’s completed form, super contributions should be made to the employee’s chosen fund or their stapled super fund. You can only make contributions to your nominated fund if the ATO advises there is no stapled super fund.

Existing employees:

- For existing employees, that started before 1 November 2021, in the two months after you receive their completed form you can pay their super contributions to either their current fund or the new fund they have nominated.
- After the two month period you must make super guarantee contribution payments to the new fund your employee nominated.
- You do not have to action an employee’s fund nomination if they have nominated a fund in the previous 12 months; however, you may choose to action their request.

If your employee provides their TFN on this form, you have an obligation to inform the super fund of the employee’s TFN when you next make a contribution for the employee.

Record keeping

You must keep records, in English, of your employee’s choice of super fund and receipts or other documents issued by the fund detailing your contributions. Records must be kept for 5 years.

You also need to keep proof that the fund you are contributing to is a complying super fund. The required letter of compliance for Vision Super is included on this form.
