BENEFITS 13

CONTACT 15

Specialising in architectural and structural glazing, we're proud to contribute to some of the most prestigious construction projects across the UK.

We believe that each pane of glass we install is a testament to our unwavering commitment to superior craftsmanship and exceptional service. We collaborate closely with architects, designers, and builders to ensure that every project we undertake is not just completed, but elevated to a new standard of elegance and durability.

Experience the clarity of vision and the integrity of service that define Fluid Glass, where every detail is a reflection of our promise to you.

Clarity

THE TRUST YOU DESERVE

Craft

THE THING WE LOVE

Care

THE RELATIONSHIPS WE BUILT

Our Values

Our beliefs are deeply woven into our values, guiding everything we create.

CLARITY

Clarity is more than transparency in glass—it's transparency in how we work. We make complex processes feel simple, guiding clients with precision and openness at every step. Through clarity, we create confidence: in the vision, in the craft, and in the outcome.

CRAFT

Craft is where innovation meets timeless skill. Every detail is shaped with purpose, elevating architecture into something enduring and extraordinary. Through craft, we transform ideas into spaces that inspire, perform, and last.

CARE

Care defines the way we build relationships as much as the way we build structures. It's present in every conversation, every decision, and every installation. Through care, we ensure our clients feel valued, supported, and proud of what we create together.

Awards & Recognitions

Our work has been recognised internationally, earning awards and industry recognition for the quality, craft and impact of the projects we create.

Vaidas Vileikis

FOUNDER OF NAME ARCHITECTS

“ Unrivalled customer service, cutting edge design and quality. Fluid Glass is firmly lodged in our list of preferred suppliers of glazing products.

Blind Box is a sleek concealment system designed to seamlessly hide roller blinds, ensuring a clean, uninterrupted aesthetic.

Installed during construction, it allows for easy blind integration once the space is complete. Featuring a patented safety hinge, the cover stays securely in place and can be installed in any direction, perfect for concealing side channels or guide wires. Ideal for floor-to-ceiling windows and sliding doors, Blind Box future-proofs buildings, offering the flexibility to install discreet, concealed blinds at any stage.

Technical Specifications

Aluminium, EN 6063 T6
RAL9010 white

Bespoke sizes available on request

Seamless environments

Blind Box's creates seamless environments where privacy, shading, and glare control are fully concealed when not in use. Designed for clutter-free aesthetics, it allows any window to be prepared for future blind installation, ensuring a refined, unobtrusive finish. With Blind Box, functionality integrates effortlessly into design, preserving clean lines and timeless style.

Seamless Finish

Plaster is feathered over skim coat flanges, leaving only a discreet hairline gap between the ceiling and the Blind Box cover for a refined, unobtrusive look.

Secure Safety Hinge

The safety hinge, installable on either side, prevents the cover from falling if accidentally opened, ensuring both durability and user safety.

Precision-Cut Lengths

Available in custom-finished lengths, as well as 3m or 6m sections. Splice pins and plates provide seamless alignment for longer installations.

Customisable Cover

Available with an optional easy-fit cover plate supplied in RAL9010 white.
