Product Declaration

REACH Regulation 1907/2006/EC **- Annex XVII Restriction**
Last Updated on 20 April 2026 **(EU 2026/859)**

Dear Customer,

Restrictions are a tool for protecting human health and the environment from unacceptable risks that come with some hazardous chemical substances. The Annex XVII to REACH includes all the restrictions adopted in the framework of REACH for certain hazardous substances or group of substances.

This Restriction List of substances is available on ECHA-Homepage:
https://echa.europa.eu/substances-restricted-under-reach
Last updated: **08/05/2026**

Please be advised that based on our knowledge of the manufacturing process and on the information available to us from our raw material suppliers, we hereby declare that the materials manufactured and sold by DOMO CHEMICALS GmbH and/or its affiliated companies in Europe under the trade names:

TECHNYL ®	TECHNYL ® PROTECT	TECHNYL ® SHAPE
TECHNYL ® 4EARTH ®	TECHNYL ® PURE	TECHNYL ® SLIDE
TECHNYL ® MAX	TECHNYL ® RED	TECHNYL STAR ®
TECHNYL ® ONE	TECHNYL ® SAFE	

do not contain as intentional additives any of the substances/entries listed in Annex XVII to Regulation (EC) No 1907/2006 as amended (up to the Regulation (EU) **2026/859** of 20 April 2026).

According to the previous **Regulation (EU) 2023/2055, as amended by Regulation (EU) 2026/1168, the synthetic polymer microparticles supplied to your company** are subject to conditions laid down by entry 78 of this Annex. However, with reference to paragraph 4(a), they **are excluded from the restriction** because used at industrial sites where it is easier to control emissions.

Because we do not expect these substances to be present, we do not specifically run any analysis on our raw materials or end products to measure for them.

The above information is provided for our customers only (and we accept no liability to any third parties) and reflects our current knowledge and experience of the product we supplied at the date of the issue. We warrant only that our products are conform to our technical specifications. All products are supplied following our general terms and conditions for sale without any other warranty express, statutory or implied . We do not accept any liability and do not provide any conformity certification for any modification or for the effects of any chemical combinations or mixtures of the product which are carried out by our customers or third parties.

Date (dd-mm-yyyy): Signature

By signing this document, we hereby confirm that **none of our products** contain any of the substances listed below and comply with the DNSH criteria listed in the document. If any products in our portfolio **do** contain such substances or do not comply with the DNSH criteria listed, the **products that do not contain the listed substances and comply with the DNSH criteria** are listed in Table 1.

By signing this document, we hereby confirm that all our products comply with the minimum safeguards. This includes having in place appropriate procedures to ensure alignment with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights. We further confirm that we respect the fundamental principles and rights set out in the eight core conventions of the International Labour Organization, as well as the International Bill of Human Rights.

The undersigned warrants that the "Do No Significant Harm" (DNSH) principle is applied across all operations and business practices, and that Minimum Social Safeguards, as defined under Article 18 of EU Taxonomy Regulation (EU) 2020/852, are met and upheld. Any breach of this warranty shall be considered a material breach of this declaration

Pollution prevention and control regarding use and presence of chemicals

- (EU) 2021/2139, Annex C, point (a) (Persistent Organic Pollutants (POPs))
  Substances, whether on their own, in mixtures or in articles, listed in Annexes I or II to Regulation (EU) 2019/1021 of the European Parliament and of the Council, except in the case of substances present as an unintentional trace contaminant

- (EU) 2021/2139, Annex C, point (b) (Mercury and mercury compounds)
  Mercury and mercury compounds, their mixtures and mercury-added products as defined in Article 2 of Regulation (EU) 2017/852 of the European Parliament and of the Council.

- (EU) 2021/2139, Annex C, point (c) (Ozone-depleting substances)
  Substances, whether on their own, in mixture or in articles, listed in Annexes I or II to Regulation (EC) No 1005/2009 of the European Parliament and of the Council

- (EU) 2021/2139, Annex C, point (d)

Substances, whether on their own, in mixtures or in an article, listed in Annex II to Directive 2011/65/EU of the European Parliament and of the Council 372, except where there is full compliance with Article 4(1) of that Directive.

- (EU) 2021/2139, Annex C, point (e) (REACH Annex XVII (Restrictions list)
  Substances, whether on their own, in mixtures or in an article, listed in Annex XVII to Regulation (EC) 1907/2006 of the European Parliament and of the Council, except where there is full compliance with the conditions specified in that Annex

- (EU) 2021/2139, Annex C, point (f) (REACH art. 59, stk. 1, Candidate list chemicals)
  Substances, whether on their own, or in mixtures or in an article, in a concentration Above 0,1 % weight by weight (w/w), and meeting the criteria laid down in Article 57 of Regulation (EC) 1907/2006 and that were identified in accordance with Article 59(1) of that Regulation for a period of at least eighteen months.

- (EU) 2021/2139, Annex C, point (f) (REACH art. 57 a,b,c, Potential Candidate List chemicals)
  The product, including individual components, does not contain substances in concentrations exceeding 0.1% (weight/weight) that meet the criteria for classification in one or more hazard classes:
  - *Carcinogenic category 1A or 1B according to section 3.6 in Annex 1 of Regulation (EU) 1272/2008 (CLP),*
  - *Germ cell mutagenicity category 1A or 1B according to section 3.5 in Annex 1 of Regulation (EU) 1272/2008 (CLP),*
  - *Reproductive toxicity category 1A or 1B, harmful effects on sexual function and fertility or on development according to section 3.7 in Annex 1 of Regulation (EU) 1272/2008 (CLP).*

- (EU) 2021/2139, Annex C, point (f) (REACH art. 57 d,e, Potential Candidate List chemicals)
  The product, including its individual parts, does not contain substances in concentrations above 0.1% (weight/weight) of:
  - *Persistent, bio accumulative, and toxic (PBT) according to the criteria in Regulation (EU) 1272/2008 (CLP)*
  - *Very persistent and very bioaccumulative (vPvB) according to the criteria in Regulation (EU) 1272/2008 (CLP)*

- (EU) 2021/2139, Annex C, point (f) (REACH art. 57 f, Potential Candidate List chemicals)
  The product, including its individual parts, does not contain substances in concentrations above 0.1% (weight/weight) of:
  - *Endocrine-disrupting substances according to the criteria in Regulation (EU) 1272/2008 (CLP)*

Emissions Testing

Additionally, we do confirm that all of our products (or the products listed in table 1), ***if relevant for the product category***, do meet the criteria listed below.

- (EU) 2021/2139, 7.1 /7.2 DNSH criteria
  Building components and materials that can come into contact with residents emit less than 0.06 mg formaldehyde per m3 of test chamber air when tested in accordance with the conditions

*specified in the relevant standard. The relevant standards that can be used are: CEN/EN 16516 and/or ISO 16000-3 and/or EN ISO 717-1 or another equivalent chamber **testing** procedure. Standards used must be the applicable version, or a newer version that replaces the existing version of the standard.*

formateredе: Skrifttype: Fed

- (EU) 2021/2139, 7.1 / 7.2 DNSH criteria
  Building components and materials that can come into contact with residents emit less than 0.001 mg of other Category 1A and 1B carcinogenic volatile organic compounds per m3 of test chamber air after testing in accordance with the applicable version of CEN/EN 16516 and ISO 16000-3 and/or EN ISO 717-1 respectively or another equivalent chamber testing procedure.

Other DNSH criteria

Finally, we do confirm that all of our products (or the products listed in table 1), **where relevant for the product category**, do meet all other DNSH criteria laid out in the EU Taxonomy across all activities **including, but not limited to** Appendix E: Technical specifications for water appliances.

Table 1

Please list below any products that **do not** contain the listed substances and comply with the DNSH criteria listed, **if** some products in your portfolio **do** contain the listed substances or violate the DNSH criteria listed.

If **no products** are listed in the table, you are confirming that **none** of your products contain any of the substances listed above and all applicable products comply with the DNSH criteria listed.

Note: If an entire product series or product type complies with the above requirements, it is acceptable to list the series or type name in Table 1 — provided it clearly and unambiguously covers all relevant products.
Examples include: *"All PP products in our assortment"* or a specific product line such as *"Series X123 – pipe system"*.

Item name (alternatively product series or type name)	Item number (if specific product)

By returning this manufacturer's declaration to us, you confirm that the information provided is correct.

Environmental Declaration

Substances that Deplete the Ozone
Fluorinated Greenhouse Gases
Persistent Organic Pollutants

Dear Customer,

With reference to,

- Regulation (EC) No **2024/590** of the European Parliament and of the Council of 07 February 2024 on **Substances that Deplete the Ozone** layer and repealing Regulation (EC) No 1005/2009,
- Regulation (EU) No **2024/573** of the European Parliament and of the Council of 07 February 2024 on **Fluorinated Greenhouse Gases** amending Directive (EU) 2019/1937 and repealing Regulation (EC) No 517/2014,
- Regulation (EC) No **850/2004** of the European Parliament and of the Council of 29 April 2004 on **Persistent Organic Pollutants** repealed by Regulation (EC) No **2019/1021** of the European Parliament and of the Council of 20 June 2019 , as amended (up to Directive (EU) **2025/1482**).

Please be advised that based on our knowledge of the manufacturing process and on the information available to us from our raw material suppliers, we hereby declare that the materials manufactured and sold by DOMO Chemicals - Engineering materials in Europe under the trade names:

TECHNYL ®	TECHNYL ® PROTECT	TECHNYL ® SHAPE
TECHNYL ® 4EARTH ®	TECHNYL ® PURE	TECHNYL ® SLIDE
TECHNYL ® MAX	TECHNYL ® RED	TECHNYL STAR ®
TECHNYL ® ONE	TECHNYL ® SAFE	

Does not contain as intentional additives any of the restricted components listed in the above mentioned Regulations.

Because we do not expect these substances to be present, we do not specifically run any analysis on our raw materials or end product to measure for these substances.

This statement applies to materials as supplied by DOMO Chemicals - Engineering Plastics and without any further modifications in the composition, resulting from processing or from inadequate use and/or storage of the above-mentioned product.

Yours sincerely
Your DOMO team

Product Declaration

REACH Regulation 1907/2006/EC - SVHC Candidate list
Last updated on February 4th, 2026

Dear Customer,

The European Chemicals Agency (ECHA) has added **2** additional substances identified as SVHC (Substances of Very High Concern) to the Candidate List*, which now contains 253 substances.

Candidate list, last updated: **04/02/2026**
Number of substances on the Candidate List: **253**
Link to List on ECHA-Homepage: https://echa.europa.eu/candidate-list-table

Please be advised that based on our knowledge of the manufacturing process and on the information available to us from our raw material suppliers, we hereby declare that the materials manufactured and sold by DOMO Chemicals – Engineering Plastics in Europe under the trade names:

TECHNYL ®	TECHNYL ® PROTECT	TECHNYL ® SHAPE
TECHNYL ® 4EARTH ®	TECHNYL ® PURE	TECHNYL ® SLIDE
TECHNYL ® MAX	TECHNYL ® RED	TECHNYL STAR ®
TECHNYL ® ONE	TECHNYL ® SAFE	

do not contain as intentional additives any of the 253 SVHC above a limit of 0.1% w/w.

Because we do not expect these substances to be present, we do not specifically run any analysis on our raw materials or end products to measure for them.

This statement applies to materials as supplied by DOMO Chemicals - Engineering Plastics and without any further modifications in the composition, resulting from processing or from inadequate use and/or storage of the above-mentioned product.

Yours sincerely
