

Bitcoin For Good

Bitcoin breaks barriers, fuels financial freedom and helps build resilient communities

RECLAIM AGENCY

Bitcoin helps individuals and communities achieve financial autonomy

GAIN EMPOWERMENT

Financial autonomy leads to economic empowerment

NURTURE RESILIENCE

Economic empowerment builds resilience against exploitation

THE HIDDEN COST OF FIAT

The failing fiat system fuels inflation, creates asset bubbles, debt traps, and financial exclusion, hitting vulnerable communities the hardest.

Bitcoin Use Cases

1. Remittances

Families keep more of the money they earn

2. Female Empowerment

Women gain autonomy & financial security

3. Direct Giving

Charity is more transparent and impactful

4. Microfinance

Finance is more accessible

Our Work with Bitcoin

Training Communities

We are delivering workshops with women in Kenya, teaching them to use Bitcoin for savings, payments, and business transactions

Sharing Insights

We share insights based on our experiences at global stages, such as the Baltic Honeybadger and Oslo Freedom Forum, to spread awareness

Demonstrating Practical Solutions

We encourage practical use cases in which Bitcoin can impact remittances, charity giving, women's empowerment and micro-finance

Connecting Donors to Impact

We enable the direct support of remote grassroots projects through Bitcoin.

Support Bitcoin for Good

With further support,
we can scale our
work, empower more
communities, and
spread the benefits
of Bitcoin where they
are needed most.
