

To reinforce our Engineering team in Bicske, we are seeking a

PACKAGING & PROCESS ENGINEER

[all genders]

Vincotech

Headquartered in Unterhaching near Munich, Germany, we also own and operate a plant in Bicske, Hungary, and maintain sales offices around the world. Our global team of more than 700 people welcomes you to Vincotech, a Mitsubishi Electric Corporation company.

We ambitiously tackle the surging demand for efficient power conversion. Our innovative power modules bring our customers' best ideas to life and facilitate market-leading, energy-efficient applications. With speed and flexibility, we improve people's lives around the world and create a sustainable future. We attribute our international success to our **unstoppable team**.

Our amazing employees leverage each other's strengths and support one another unconditionally to succeed together. **Every individual is key to our exceptional performance**. Each is appreciated and empowered to make the most of their potential. We are motivated and rightly so, for our work is **impactful**.

Our promise to you is clear: **We bring our customers' best ideas to life**. Join us and **empower meaningful ideas**.

To make the best out of your work, we need you to:

- / Lead and coordinate packaging development projects, supporting NPI, sustainability initiatives, cost optimization, and product reliability
- / Develop, specify, and implement packaging solutions in line with business, manufacturing, and customer requirements
- / Drive the continuous improvement of existing packaging designs with a focus on quality, cost efficiency and industry standards
- / Plan, execute, and document packaging trials, testing and validation activities
- / Maintain project documentation
- / Evaluate new and existing packaging solutions to identify performance and cost improvement opportunities
- / Select, evaluate, and develop packaging suppliers to ensure quality and supply excellence
- / Collaborate closely with Manufacturing, Quality, Procurement, Supply Chain, and R&D teams to deliver successful packaging development projects

LET'S EMPOWER MEANINGFUL IDEAS!

You are a good fit, if you have:

- / A BSc or MSc in Light Industrial Engineering or Packaging Engineering
- / Two to five years' experience in a similar position [recent graduates and entry-level candidates are also encouraged to apply]
- / A creative, inquisitive outlook paired with a systematic approach to problem-solving
- / A collaborative mindset and an affinity for working in cross-functional teams
- / Fluency in written and spoken English and a firm grasp of technical language

Join us and succeed in a winning team:

- / Be part of a company, which is a key enabler of efficient and affordable energy use everywhere, which is one of the most important megatrends of our society and a necessity for generations to come
- / Be part of a motivating company culture where flat hierarchies and quick decision-making are realities rather than wishful thinking
- / Find long-term career prospects, benefit from an attractive salary and excellent benefits

We welcome your application and look forward to discussing how Vincotech can become your next career choice.
