

To reinforce our Engineering team in Bicske near Budapest, we are seeking a

TPM ENGINEER

[all genders]

Vincotech

Headquartered in Unterhaching near Munich, Germany, we also own and operate a plant in Bicske, Hungary, and maintain sales offices around the world. Our global team of more than 700 people welcomes you to Vincotech, a Mitsubishi Electric Corporation company.

We ambitiously tackle the surging demand for efficient power conversion. Our innovative power modules bring our customers' best ideas to life and facilitate market-leading, energy-efficient applications. With speed and flexibility, we improve people's lives around the world and create a sustainable future. We attribute our international success to our **unstoppable team**.

Our amazing employees leverage each other's strengths and support one another unconditionally to succeed together. **Every individual is key to our exceptional performance**. Each is appreciated and empowered to make the most of their potential. We are motivated and rightly so, for our work is **impactful**.

Our promise to you is clear: **We bring our customers' best ideas to life**. Join us and **empower meaningful ideas**.

To make the best out of your work, we need you to:

- / Plan, implement, and continuously improve maintenance programs based on TPM methodologies to maximize equipment reliability and availability
- / Support equipment troubleshooting and resolve complex technical failures across the assigned production area
- / Analyze maintenance KPIs, define improvement actions, and drive their implementation
- / Identify opportunities for equipment upgrades and optimize preventive maintenance strategies to improve operational performance
- / Coordinate TPM implementation and continuous improvement activities within the assigned production areas
- / Organize and lead Initial Cleaning activities in line with TPM principles
- / Develop, review, and update maintenance training materials while supporting technical knowledge transfer
- / Manage spare parts data and TPM warehouse inventory in close cooperation with the TPM Team Leader to ensure effective maintenance support

LET'S EMPOWER MEANINGFUL IDEAS!

You are a good fit, if you have:

- / A BSc or MSc in Mechatronics, Electrical Engineering, Mechanical Engineering, or Automation Engineering
- / Three to five years' experience in a similar position [recent graduates and entry-level candidates are also encouraged to apply]
- / A proactive and self-driven approach with a strong sense of ownership
- / Strong analytical and problem-solving skills with a systematic mindset
- / Effective communication and collaboration skills in a cross-functional environment
- / A structured, detail-oriented approach to work with a willingness to learn and continuously improve
- / Fluency in written and spoken English and a firm grasp of technical language

Join us and succeed in a winning team:

- / Be part of a company, which is a key enabler of efficient and affordable energy use everywhere, one of the most important megatrends of our society and a necessity for generations to come
- / Be part of our motivating company culture where flat hierarchies and quick decision-making are realities rather than wishful thinking
- / Find long-term career prospects, and enjoy an attractive salary and excellent benefits

We welcome your application and look forward to discussing how Vincotech can become your next career choice.
