

Have you given your oil tank a Health Check?

How healthy is your oil tank?

Please circle appropriate answers:

Perfect

Needs care

Can't fill today

Unusual smells

Sudden leak detected

Sun bleaching

Cracking

Rusting

Integral bund water fill

Pipework

Gauges

Valves

Foliage covering tank

Hard surface placement

Oil filters

Is your tank:

Bunded?

A bunded oil tank, on the other hand, can be thought of as a tank within a tank, as it has two layers of plastic.

Single Skinned?

Single skinned tanks only have one "skin", so one layer of plastic, in which the oil is stored.

How old is your tank?

0 - 5yrs

5 - 10yrs

10 - 20yrs

20+yrs

How did your tank score?
