ADULT DAY CARE

Adult Day Care Centers are designed to provide care and companionship for seniors who need assistance or supervision during the day. The program offers relief to family members or caregivers and allows them the freedom to go to work, handle personal business or just relax while knowing their relative is well cared for and safe.

The goals of the programs are to enhance self-esteem and to encourage socialization. There are two types of adult day care: adult social day care and adult day health care. Adult social day care provides social activities, meals, recreation and some health-related services. Adult day health care offers more intensive health, therapeutic and social services for individuals with severe medical problems and for those at risk of requiring nursing home care.

HOME HEALTH CARE

Home health care helps older adults and persons with disabilities live independently in their homes. It covers a wide range of services and can often delay long-term nursing facility care. Home health care includes occupational and physical therapy, speech therapy, and even skilled nursing, bathing, dressing, eating, assistance with cooking, cleaning, other housekeeping jobs, and medication management.

FINANCIAL ASSISTANCE

CREDIT COUNSELING AND BUDGETING SERVICES

Credit Counseling Services provide confidential financial assessments, counseling, and assistance to individuals facing credit and financial difficulties. Assistance may cover budget and money management instruction, crisis problem solving (utility shut-off, eviction), and guidance through longer-term credit problems related to mortgages, taxes, wage garnishments, or secured or unsecured loans.

CASH ASSISTANCE PROGRAMS

Family Independence Program (FIP)

The main goal of FIP is to help families become self-supporting and independent.

FIP is temporary cash assistance for low-income families with minor children and pregnant women. FIP helps them pay for living expenses such as rent, heat, utilities, clothing, food and personal care items.

FIP applicants and recipients may be assigned to Partnership Accountability Training Hope (PATH) for assistance in finding a job or to develop needed job skills. Help with transportation, childcare and other needs related to employment and training may be provided.

FIP Eligibility Requirements

48-month lifetime limit:

You cannot receive FIP for more than 60 months in your lifetime unless you qualify for an extension or an exception. Months do not count if you are:

- Deferred.
- Working and following your Family Self-Sufficiency Plan.
- Live in a county with a high unemployment rate.
- Follow Work Rules and Penalties.

State Disability Assistance

The State Disability Assistance (SDA) program provides cash assistance to disabled adults to help them pay for living expenses.

Supplemental Security Income (SSI)

Supplemental Security Income (SSI) is a cash benefit to needy persons who are aged (at least 65), blind or disabled. It is a federal program administered by the Social Security Administration (SSA). States are allowed the option to supplement the federal benefit with state funds. In Michigan, SSI benefits include a basic federal benefit and an additional amount paid with state funds.

CHILD SUPPORT SERVICES

Eligibility for Child Support Services

Child Support services in Michigan are available to:

- Parents of minor children, when one parent does not live with the child
- Parents who pay court-ordered child support
- Persons who have physical custody of a minor child
- Persons who receive public assistance for a minor child living in their home. Except in certain specific cases, these individuals automatically receive child support services

Available Child Support Services

The following child support services are available in Michigan:

- Assistance with application for child support services
- Locating parents

- Establishing paternity
- Establishing court orders for support
- Establishing court orders for custody and parenting time
- Collecting and processing child support payments
- Modifying support court orders
- Enforcing court orders for support

Child Care

MDHHS Child Development and Care Program may provide payment for childcare services for qualifying families when the parent, legal guardian or substitute parent is unavailable to provide the childcare because of employment, education and/or because of a health/social condition for which treatment is being received.

MDHHS FINANCIAL ASSISTANCE

State Emergency Relief (SER)

The State Emergency Relief (SER) Program provides immediate help to individuals and families facing conditions of extreme hardship or emergencies that threaten health and safety.

The SER program is primarily designed to maintain low-income households who are normally able to meet their needs but occasionally need help when unexpected emergency situations arise. The SER program is not an appropriate solution to ongoing or chronic financial difficulties.

HOME HELP CARE

Home Help program provides personal care services to Medicaid eligible individuals who need hands-on assistance with Activities of Daily Living (ADLs) and assistance with Instrumental Activities of Daily Living (IADLs).

HOUSING DISCRIMINATION

Housing Discrimination is more than a refusal to rent, sell or finance housing. With few exceptions, the law prohibits the following acts when based on race, color, religion, sex, national origin, familial status, disability, age, marital status, sexual orientation, student status, or source of income:

- Steering people and families to or away from a particular neighborhood or a certain part of an apartment complex;
- Charging a higher security deposit or offering different terms and conditions, use of facilities, or other services associated with the rental, sale or financing of housing;
- Having different qualifying standards, such as closer scrutiny of credit history for some groups while bending the rules for others;
- Saying that housing is not available to view, buy, or rent when it is in fact available;
- Sexual harassment by an owner or agent;
- Harassment of buyers or renters who are exercising their fair housing rights.
- Harassment of sellers, rental agents, or real estate agents who refuse to discriminate.

Employment Opportunities for All Abilities

Services To Enhance Potential (STEP) is a non-profit organization that provides support and services to more than 1,400 individuals with disabilities and mental health needs residing in Macomb, Washtenaw, and Wayne counties. STEP helps individuals with barriers to employment reach their full potential and achieve their life goals through various programs and trainings. These include skill building, supported employment, volunteer opportunities, vocational rehabilitation, and more. With offerings like the Progressive Art Studio Collective (PASC), What's Cooking at STEP, and training at our three STEP Thrift Store and Donation Centers, STEP offers opportunities to individuals of all abilities. For more information about STEP, please visit www.stepcentral.org.

OUR SERVICES

We Provide Resources

We provide info and resources for food, rent, housing, healthcare, home care, legal issues, mental health, substance abuse treatment, and much more.

Programs For Seniors & Adults With Disabilities

We are passionate about improving the quality of care for individuals in Wayne County. We strive to enhance home and community-based services, ensuring better health outcomes and well-being for all. We connect people to programs that help with dressing, bathing, cleaning, laundry, meals, and transportation.

In addition, we help people transition out of nursing care facilities and back into their homes through our Community Transitions Services program.

Our goal is to provide the services to allow the elderly and those with disabilities to age with dignity in the environment they chose.
