

Contoura Mower S2

Winged, Trailed

The Major Contoura combines durability and agility for an exceptionally versatile mowing solution on undulating terrain. Suitable for tractors 45hp and above, this mower delivers a high quality finish in challenging golf rough, fairways and sports grounds.

A multi-pivoting frame with self-aligning spherical bearings enables the Contoura to hug the ground easily and efficiently. The gearbox driveline delivers consistent high-blade tip speeds at 76 m/s and full length rollers ensure a level and striped presentation.

For our investment, we got a very good quality mower that leaves an excellent finish and deals easily with the contours of the course. Maintenance is very efficient - it only takes a couple of minutes for daily greasing or weekly oil checks. Our output has increased significantly. With the quality of cut, the ease of maintenance and the durability of the Major Contoura, me and my team can provide a better quality golf course.”
